Practical Japanese Cooking Japanese Cooking Companions, 1973 *Practical Japanese Cooking* Shizuo Tsuji, Kōichirō Hata, 1986 Practical Japanese Cooking, 1967 The recent increasing amount of requests for books on Japanese cooking bears witness both to the growing number of people from other lands who are becoming fond of our dishes and to a reappraisal of the merits of the Japanese cuisine As a culmination of long years of research and efforts to spread knowledge of Japanese food among peoples from abroad we have published this book in which we offer a strictly chosen representative selection of the best modern and traditional Japanese recipes Our explanations are clear and practical and the full color illustrations make of this a beautiful as well as a useful book One of the most difficult points in attempting to give a true idea of Japanese food is selecting materials that have the required characteristics but that are also easy to obtain in many lands On this point the translator's suggestions were most helpful We have eliminated the recipes in which peculiarly Japanese ingredients are absolutely indispensable We were also careful to select only the dishes we feel would suit the Western palate
