

English As My Second Language

**I too have a language
That other people can
Learn as a second language
And I blame my forebears
For their lakadaisical attitude
Towards the relegation
Of my language today.**

**I am taunted for
For every word of language
That falters in the use of my english
Faulty as english is
I am forced to rules
That utterly and woefully fail**

**Why should I be taunted
For a language that reneges on rules?
I am told that when making
Plurals from nouns**

**I should add 's' or 'ies'
But when the noun is child
It shamefully fails
For it is neither childs nor childies
It is Children!
I too have a language
Other people speak
As a second language.**

Second Language Poems:

Second Language Lisel Mueller, 1986-06 *Second Language* is the fourth volume of work from the highly acclaimed poet Lisel Mueller. The second language of the title, English, supplanted Mueller's native language when she came to the United States from Hitler's Germany at age fifteen. But other second languages are at work here as well. The poems in this collection have to do with memory and metaphor, two forces that enable us to interpret our experience. Each is in a sense a second language and in Mueller's employ each gains expression in an imaginative and humanistic voice. In English as a Second Language, the various meanings of Second Language come together lucidly and effectively. *Challenges of Second and Foreign Language Education in a Globalized World* Mirosław Pawlak, Anna Mystkowska-Wiertelak, 2017-09-07 This edited collection brings together papers by eminent scholars who attempt to demonstrate how challenges can most successfully be ameliorated with an eye to enhancing the effectiveness of the processes of language teaching and learning. In Part One, emphasis is placed on challenges that second language education has to face, both those more general, dealing with language policy issues and those more specific, concerned with instructional options in the language classroom. Part Two focuses on challenges involved in researching the processes of teaching and learning in the second and foreign languages classroom, both with respect to research methodology and efforts to tap some variables impinging upon the effects of instruction. Finally, Part Three is devoted to challenges involved in second and foreign language teacher education, the quality of which to a large extent determines the outcomes of second language education in any educational context. **Manhattan As a Second**
