Man Ray The Rigour Of Imagination:

Man Ray Arturo Schwarz,1977 In this book to which the artist actively contributed right up to his death every aspect of Man Ray s constantly self renewing life and work is studied and and documented in depth The author has used the interpretative tools of modern psychology and in addition has drawn insight from studies on alchemy for as he points out the artist and the alchemist unconsciously tap the same archaic sources

Phototextualities Alex Hughes,Andrea Noble,2003 How are photographs understood as narratives In this book twenty two original critical essays tackle this overarching question in a series of case studies moving chronologically across the history of photography from the 1840s to the twenty first century The contributors explore the intersections of photography with history memory autobiography time death mapping the discourse of Orientalism digital technology and representations of race and gender The essays range in focus from the role of photographic images in the memorialization of the Holocaust the Argentine Dirty War and Japanese American internment camps through Man Ray s classic image Noire et blanche and Nan Goldin s The Ballad of Sexual Dependency to the function of family albums in nineteenth century England and America

Remaking the Readymade Adina Kamien-Kazhdan,2018-05-11 Replication and originality are central concepts in the artistic oeuvres of Marcel Duchamp and Man Ray Remaking the Readymade reveals the underlying and previously unexplored processes and rationales for the collaboration between Duchamp Man Ray and Arturo Schwarz on the replication of readymades and objects The 1964 editioned replicas of the readymades sent shock waves through the art world Even though the replicas undermined ideas of authorship and problematized the notion of identity and the artist they paradoxically shared in the aura of the originals becoming stand ins for the readymades Scholar poet dealer Arturo Schwarz played a crucial role opening the door to joint or alternate authorship an outstanding relationship between artist and dealer By unearthing previously unpublished correspondence and documentary materials and combining this material with newly conducted exclusive interviews with key participants Remaking the Readymade details heretofore unrevealed aspects of the technical processes involved in the re creation of iconic long lost Dada objects Launched on the heels of the centenary of Duchamp s Fountain this new analysis intensifies and complicates our understanding of Duchamp and Man Ray initial conceptions and raises questions about replication and authorship that will stimulate significant debate about the legacy of the artists the continuing significance of their works and the meaning of terms such as creativity originality and value in the formation of art

The Art of the Project Johnnie Gratton,Michael Sheringham,2005-10-01 The idea of the project crosses generic disciplinary and cultural frontiers At a time when writers and artists are increasingly describing their practices as projects remarkably little critical attention has been paid to the actual idea of the project This collection of essays responds to an urgent need by suggesting a framework for evaluating the notion of the project in the light of various modernist and postmodernist cultural practices drawn mainly but

not exclusively from the French speaking domain The overview offered by this volume promises to makes an original and thought provoking contribution to contemporary literary artistic and cultural criticism *Man Ray* Arturo Schwarz, Man Ray, 1993 Alias Man Ray Mason Klein, Man Ray, George Thomas Baker, Lauren Schell Dickens, Merry A.
