published in 2002 As Iran enters into the third decade since the 1979 revolution the prospect of socio political unrest remains ever present Iran s political structure its version of Islamic governance and the role of pluralism across all aspects of Iranian society are being questioned openly and defiantly What this will mean for the future of Iran s theological system of governance and its current social structure remains to be seen This work examines the roots of Iran s current unrest in the context of the post revolutionary social and political structure and the goals and aspirations of the 1979 revolutionaries It provides in depth commentary on contemporary Iranian society and the Islamic movement emerging from Khomeini s interpretation of Islamic governance and gauges the response of Iran to the pragmatic realities of the international system Readers in Islamic studies international studies and Middle Eastern politics both at undergraduate and postgraduate levels will find this book an invaluable tool

Popular Iranian Cinema before the Revolution Pedram Partovi,2017-07-14 Critics and academics have generally dismissed the commercial productions of the late Pahlavi era best known for their songs and melodramatic plots as shallow derivative entertainment Instead they have concentrated on the more recent internationally acclaimed art films claiming that these constitute Iranian national cinema despite few Iranians having seen them Film discourse and even fan talk have long attempted to marginalize the mainstream releases of the 1960s and 1970s with the moniker filmfarsi ironically asserting that such popular favorites were culturally inauthentic This book challenges the idea that filmfarsi is detached from the past and present of Iranians Far from being escapist Hollywood fare merely translated into Persian it claims that the better films of this supposed genre must be taken as both a subject of and source for modern Iranian history It argues that they have an appeal that relies on their ability to rearticulate traditional courtly and religious ideas and forms to problematize in unexpectedly complex and sophisticated ways the modernist agenda that secular nationalist elites wished to impose on their viewers Taken seriously these films raise questions about standard treatments of Iran s modern history By writing popular films into Iranian history this book advocates both a fresh approach to the study of Iranian cinema as well as a rethinking of the modernity tradition binary that has organized the historiography of the recent past It will appeal to those interested in Iranian cinema Iranian history and culture and more broadly readers dissatisfied with a dichotomous approach to modernity
