Managing Coordinating Nursing Care 4th:

LPN to RN Transitions Nicki Harrington, Cynthia Lee Terry, 2008-01-01 Now in its Third Edition this book meets the needs of practical vocational nurses and nursing faculty as they work together to smooth the transition from the LPN to the RN role The text provides interactive student exercises and strategies to socialize the LPN nurse student into an RN program taking into consideration its philosophy and curricular framework This Third Edition includes an expanded chapter on communication and a new chapter on the NCLEX

Lippincott's Review for NCLEX-RN Diane McGovern Billings, 2005 The thoroughly updated edition reflects the current NCLEX test plan and contains more than 5 000 test questions to help students practice taking the exam The book contains more questions than any other NCLEX RN review and includes more pharmacology related questions

Encyclopedia of Health Services Research Ross M. Mullner, 2009-05-15 Today as never before healthcare has the ability to enhance the quality and duration of life At the same time healthcare has become so costly that it can easily bankrupt governments and impoverish individuals and families Health services research is a highly multidisciplinary field including such areas as health administration health economics medical sociology medicine political science public health and public policy The Encyclopedia of Health Services Research is the first single reference source to capture the diversity and complexity of the field With more than 400 entries these two volumes investigate the relationship between the factors of cost quality and access to healthcare and their impact upon medical outcomes such as death disability disease discomfort and dissatisfaction with care

Key Features Examines the growing healthcare crisis facing the United States Encompasses the structure process and outcomes of healthcare Aims to improve the equity efficiency effectiveness and safety of healthcare by influencing and developing public policies Describes healthcare systems and issues from around the globe

Key Themes Access to Care Accreditation Associations Foundations and Research Organizations Biographies of Current and Past Leaders Cost of Care Economics Finance and Payment Mechanisms Disease Disability Health and Health Behavior Government and International Healthcare Organizations Health Insurance Health Professionals and Healthcare Organizations Health Services Research Laws Regulations and Ethics Measurement Data Sources and Coding and Research Methods Outcomes of Care Policy Issues Healthcare Reform and International Comparisons Public Health Quality and Safety of Care Special and Vulnerable Groups

The Encyclopedia is designed to be an introduction to the various topics of health services research for an audience including undergraduate students graduate students and general readers seeking non technical descriptions of the field and its practices It is also useful for healthcare practitioners wishing to stay abreast of the changes and updates in the field
