Daughters of the Shtetl Susan A. Glenn, 2019-06-30 In this fascinating portrait of Jewish immigrant wage earners Susan A Glenn weaves together several strands of social history to show the emergence of an ethnic version of what early twentieth century Americans called the New Womanhood She maintains that during an era when Americans perceived women as temporary workers interested ultimately in marriage and motherhood these young Jewish women turned the garment industry upside down with a wave of militant strikes and shop floor activism and helped build the two major clothing workers unions

The City in American Literature and Culture Kevin R. McNamara, 2021-08-05 The city's Americanness has been disputed throughout US history Pronounced dead in the late twentieth century cities have enjoyed a renaissance in the twenty first Engaging the history of urban promise and struggle as represented in literature film and visual arts and drawing on work in the social sciences *The City in American Literature and Culture* examines the large and local forces that shape urban space and city life and the street level activity that remakes culture and identities as it contests injustice and separation The first two sections examine a range of city spaces and lives the final section brings the city into conversation with Marxist geography critical race studies trauma theory slow systemic violence security theory posthumanism and critical regionalism with a coda on city literature and democracy
