Plain Words about Biblical Images Margaret N. Ralph, 2003-01-27 Did Jesus just misunderstand when he prayed that the kingdom was close at hand Why would God make the price of redemption the sacrifice of his own Son If Adam and Eve are not historical people does that mean that original sin does not exist Why didn't God keep his promise to David that his line and his kingdom would be secure forever A single mistake lies behind each of these questions an image had been understood as a fact Through the examination of central biblical images namely covenant messiah kingdom original sin and redemption Plain Words About Biblical Images explores the role that images play in our thinking as we seek to understand spiritual realities In the course of this study we discover that we must be willing to reinterpret our images if we want to grow into adult faith Plain Words About Biblical Images is one of the most readable books you will ever discover Its insightfulness will help you to grow in your understanding of scripture and your ability to deal with contemporary faith issues *Dr. Doctrine's Christian Comix on Biblical Images* Fred Sanders, 1999 Does the Bible have pictures In this issue of Dr Doctrine's Christian Comix you will explore biblical images from sheep and the hand of God to Ezekiel's vision of four living creatures and the seven days of creation You'll find clear answers to tough questions and meet some of the church's great thinkers

Discourse on Sacred and Profane Images Gabriele Paleotti, 2012 In the wake of the Counter Reformation Cardinal Gabriele Paleotti the archbishop of Bologna wrote a remarkable treatise on art during a time when the Church feared rampant abuse in the arts Translated into English here for the first time Paleotti's Discourse on Sacred and Profane Images argues that art should address a broad audience and explains the painter's responsibility to his spectators The Discourse is introduced by historian Paolo Prodi who explains how even if the archbishop did not succeed in reforming the arts Paleotti's treatise constituted one last synthesis of art as a reading of creation and salvation history and sacred art as a vehicle of devotion [Biblical Images](#) John Frederick Jansen, 1974 **The Power of Pictures in Christian Thought** Anthony C. Thiselton, 2018-11-15 A biblical historical and theological investigation into the tendency of literary images to either enlighten or mislead and how we can learn to distinguish between the two Part One considers key philosophical and aesthetic evaluations of literary images and symbols The power of pictures is widely appreciated as in the adage a picture is worth a thousand words Sometimes Christian discourse can be smothered by endless prose which demands much inferential reasoning There is however a contrary argument An isolated visual representation can be misleading if it is improperly interpreted For example some mystical visions are interpreted as direct instructions from the Holy Spirit as happened with the Radical Reformers who advocated the Peasants Revolt Hence theories of symbol metaphor and visual representation must be examined Part Two discusses visual representation in the Old Testament the teaching of Jesus pictures and analogies in Paul and the Book of Revelation This shows the range of authentic visual representations In contrast to biblical material we find throughout Christian history abundant examples of misleading imagery which is often passed off as Christian A

notorious example is found in the visual representation and metaphors used by Gnostic writers Almost as bad are some visual representations used by the medieval mystics Radical Reformers and extreme charismatics all of which lack valid criteria of interpretation relying instead on subjective conviction Similarly sermons and prayers today can be enriched with pictorial images but some can be misleading and unhelpful for the life of the Church *Theologians on Scripture* Angus Paddison,2016-11-03 The movement that is known as theological interpretation of Scripture reminds us that the reading and exegesis of Scripture is an indispensable part of the theologian s work not to be reserved to biblical scholars alone This insight that the reading of Scripture is a theological responsibility is always at risk of being eclipsed by the modern disciplinary divisions between biblical studies historical theology and systematic theology Intended as a contribution to the theological re engagement with Scripture this book invites a range of high profile systematic and constructive theologians to reflect on the role that the reading and interpretation of Scripture plays in their theological work both professionally and more personally Spanning a cross section of theological perspectives contributors reflect on the role of tradition in their reading of Scripture the company they view as indispensable in their engagement with the text the place of historical critical study and biblical studies and the significance of their context The book will be valued by all those who care for the place of Scripture in theology and the life of the church as well as those who want an insight into the state of contemporary theology

Art in Zion Dalia Manor,2004-12-03 *Art in Zion* deals with the link between art and national ideology and specifically between the artistic activity that emerged in Jewish Palestine in the first decades of the twentieth century and the Zionist movement In order to examine the development of national art in Jewish Palestine the book focuses on direct and indirect expressions of Zionist ideology in the artistic activity in the yishuv the Jewish community in Palestine In particular the book explores two major phases in the early development of Jewish art in Palestine the activity of the Bezalel School of Art and Crafts and the emergence during the 1920s of a group of artists known as the Modernists **A Dictionary of Religious Knowledge ...
