## **On Grace Free Choice:**

**On Grace & Free Choice** Saint Bernard (of Clairvaux), 1988 Vol 3 published by Cistercian Publications Kalamazoo Mich Includes bibliographies 2 The steps of humility and pride On loving God v 3 On grace and free choice In praise of the new knighthood Augustine: On the Free Choice of the Will, On Grace and Free Choice, and Other Writings, 2010-05-20 The works translated here deal with two major themes in the thinking of St Augustine 354 430 free will and divine grace On the one hand free will enables human beings to make their own choices on the other hand God's grace is required for these choices to be efficacious On the Free Choice of the Will On Grace and Free Choice On Reprimand and Grace and On the Gift of Perseverance set out Augustine's theory of human responsibility and sketch a subtle reconciliation of will and grace This volume is the first to bring together Augustine's early and later writings on these two themes in a new translation by Peter King enabling the reader to see what Augustine regarded as the crowning achievement of his work The volume also includes a clear and accessible introduction that analyzes Augustine's key philosophical lines of thought **Kierkegaard and the Catholic Tradition** Jack Mulder, 2010 Although S ren Kierkegaard considered one of the most passionate Christian writers of the modern age was a Lutheran he was deeply dissatisfied with the Lutheran establishment of his day Some scholars have said that he pushed his faith toward Catholicism Placing Kierkegaard in sustained dialogue with the Catholic tradition Jack Mulder Jr does not simply review Catholic reactions to or interpretations of Kierkegaard but rather provides an extended look into convergences and differences on issues such as natural theology natural moral law Christian love apostolic authority the doctrine of hell contrition for sins the doctrine of purgatory and the communion of saints Through his analysis of Kierkegaard's philosophy of religion Mulder presents deeper possibilities for engagements between Protestantism and Catholicism

*Volume 4: Kierkegaard and the Patristic and Medieval Traditions* Jon Stewart, 2016-12-05 This volume features articles which employ source work research to trace Kierkegaard's understanding and use of authors from the Patristic and Medieval traditions It covers an extraordinarily long period of time from Cyprian and Tertullian in the second century to Thomas Kempis in the fifteenth Despite its heterogeneity and diversity in many aspects this volume has a clear point of commonality in all its featured sources Christianity Kierkegaard's relation to the Patristic and Medieval traditions has been a rather neglected area of research in Kierkegaard studies This is somewhat surprising given the fact that the young Kierkegaard learned about the Patristic authors during his studies at the University of Copenhagen and was clearly fascinated by many aspects of their writings and the conceptions of Christian religiosity found there With regard to the medieval tradition in addition to any number of theological issues medieval mysticism medieval art the medieval church troubadour poetry and the monastic movement were all themes that exercised Kierkegaard during different periods of his life Although far from uncritical he seems at times to idolize both the Patristic tradition and the Middle Ages as contrastive terms to the corrupt and decadent modern world with its complacent Christianity While he clearly regards the specific forms of this Medieval

appropriation of Christianity to be misguided he is nonetheless positively disposed toward the general understanding of it as something to be lived and realized by each individual

**On the Cessation of the Laws** Robert Grosseteste, 2012-04-23 Robert Grosseteste ca 1168 1253 was an unusual and exceptional man from the lowest social class yet greatly admired by kings and popes a scientist but also a philosopher and theologian a talented administrator and a successful teacher a pastor doggedly devoted to the care of his flock but also a scholar dedicated to the translation of early Christian fathers and Aristotle loyal to the pope but fearless and bold in calling for the reform of the curia *On the Cessation of the Laws* directly reflects the profundity and originality of Grosseteste's theological work and indirectly reveals his pastoral concerns The work consists of four books In the first Grosseteste offers arguments mostly from Scripture against the position that he wishes to defend and then counters these arguments with a lengthy treatment of the whole economy of creation and salvation and the place of the Scriptures Old and New in it The second attempts to show from clear Old Testament texts that the crucified Jesus was the saviour promised in the Law The third is dominated by theological arguments for the incarnation of Christ even if humanity had not sinned and the fourth addresses a cluster of questions that follow upon the death of the Law

Christianity and Western Theism Katherin A. Rogers, 2023-09-01 This book explores central philosophical questions in Christian theology and doctrine through the perspectives of three of the most influential Christian thinkers St Augustine St Anselm and St Thomas Aquinas Chapters analyze long contested debates around the Trinity Original Sin the Incarnation Grace Divine Foreknowledge and Free Will the Afterlife and Christian Exclusivity From these topics emerge the hard questions How are ideas of monotheism and the Trinity reconciled Is the doctrine of the Incarnation coherent Why does God give grace to some and not others How can the afterlife be understood How should non Christians be treated Through a compelling comparative investigation of these ideas *Christianity and Western Theism* uses the enduring concepts of three towering philosophers to show that Christian doctrine though difficult is coherent and to some extent understandable As an engaging and accessible introduction to this topic this book is the ideal resource for new students of Christian Thought Christian Philosophy Philosophy of Religion and Medieval Philosophy

**On the Road with Saint Augustine** James K. A. Smith, 2019-10-01 Publishers Weekly starred review One of the Top 100 Books and One of the 5 Best Books in Religion for 2019 Publishers Weekly Christianity Today 2020 Book Award Winner Spiritual Formation Outreach 2020 Resource of the Year Spiritual Growth Foreword INDIES 2019 Honorable Mention for Religion This is not a book about Saint Augustine In a way it is a book Augustine has written about each of us Popular speaker and award winning author James K A Smith has spent time on the road with Augustine and he invites us to take this journey too for this ancient African thinker knows far more about us than we might expect Following Smith's successful *You Are What You Love* this book shows how Augustine can be a pilgrim guide to a spirituality that meets the complicated world we live in Augustine says Smith is the patron saint of restless hearts a guide who has been there asked our questions and knows our frustrations and failed pursuits Augustine spent a

lifetime searching for his heart's true home and he can help us find our way. What makes Augustine a guide worth considering, says Smith, is that he knows where home is, where rest can be found, what peace feels like, even if it is sometimes ephemeral and elusive along the way. Addressing believers and skeptics alike, this book shows how Augustine's timeless wisdom speaks to the worries and struggles of contemporary life, covering topics such as ambition, sex, friendship, freedom, parenthood, and death. As Smith vividly and colorfully brings Augustine to life for 21st-century readers, he also offers a fresh articulation of Christianity that speaks to our deepest hungers, fears, and hopes. *Augustine on the Will*, Han-luen Kantzer Komline, 2020. While Augustine's understanding of will is constantly invoked in secondary literature, it rarely receives analysis in its own right. In this book, Han-luen Kantzer Komline provides such an analysis, demonstrating that Augustine's view is theologically differentiated, comprising four distinct types of human will which correspond to four different theological scenarios. **A Select Library of the Nicene and Post-Nicene Fathers of the Christian Church: Saint Augustine: Anti-Pelagian writings**, 1887.

*Outline of the Doctrinal Development of the Western Church*, Albert Temple Swing, 1904. *Encyclopedia of Early Christianity*, Everett Ferguson, 2013-10-08. First published in 1997. What's new in the Second Edition? Some 250 new entries, twenty-five percent more than in the first edition, plus twenty-five new expert contributors. Bibliographies are greatly expanded and updated throughout. More focus on biblical books and philosophical schools, their influence on early Christianity, and their use by patristic writers. More information about the Jewish and pagan environment of early Christianity. Greatly enlarged coverage of the eastern expansion of the faith throughout Asia, including persons and literature. More extensive treatment of saints, monasticism, worship practices, and modern scholars. Greater emphasis on social history and more theme articles. More illustrations, maps, and plans. Additional articles on geographical regions. Expanded chronological table. Also includes maps. *The Expositor*, 1910. *A Treatise on Grace and Free Will*, Saint Augustine of Hippo, Aeterna Press. There are some persons who suppose that the freedom of the will is denied whenever God's grace is maintained, and who on their side defend their liberty of will so peremptorily as to deny the grace of God. This grace, as they assert, is bestowed according to our own merits. It is in consequence of their opinions that I wrote the book entitled *On Grace and Free Will*. This work I addressed to the monks of Adrumetum, in whose monastery first arose the controversy on that subject, and that in such a manner that some of them were obliged to consult me thereon. The work begins with these words: "With reference to those persons who so preach the liberty of the human will." Aeterna Press. *Luther Hartmann*, E. M. Lamond, 1915. *On Grace & Free Choice*, Saint Bernard (of Clairvaux), 1988. **Encyclopædia of Religion and Ethics: Mundas-Phrygians**, James Hastings, John Alexander Selbie, Louis Herbert Gray, 1917. Scope: theology, philosophy, ethics of various religions and ethical systems, and relevant portions of anthropology, mythology, folklore, biology, psychology, economics, and sociology. Wiseman Review, 1879. Encyclopaedia of Religion and Ethics, James Hastings, John Alexander Selbie, Louis Herbert Gray, 1928. **A Select Library of Nicene and Post-Nicene Fathers of the Christian Church: St.**
