## **Managerial Applications Of Multivariate Analysis In Marketing:**

**Managerial Applications of Multivariate Analysis in Marketing** James H. Myers, Gary M. Mullet, 2003 Multivariate statistical analysis techniques are now an integral part of most large scale strategic market studies so marketing practitioners must learn what these techniques can do and how to apply them However most marketers have little or no formal training in complex analytical methods and many have neither the time nor the interest in acquiring this knowledge If you are one of them this book is for you **Managerial Applications of Multivariate Analysis in Marketing** is written for marketing research practitioners even those who don't have time to read it cover to cover Each chapter is as self contained as possible so that researchers and decision makers can more quickly understand the fundamentals of any one statistical technique It is a reference book not a textbook so it does not focus on the statistical techniques themselves and leave you to wonder how they apply to marketing Most of the calculations in this book can be done by a personal computer so the authors only cover the math you need while focusing on the marketing implications
