comprehensive overview of the development of the English formal garden from 1630 to 1730 Often overshadowed by the  
English landscape garden that became fashionable later in the 18th century English formal gardens of the 17th century  
displayed important design innovations that reflected a broad rethinking of how gardens functioned within society With  
insights into how the Protestant nobility planned and used their formal gardens the domestication of the lawn and the  
transformation of gardens into large rustic parks David Jacques explores the ways forecourts flower gardens bowling greens  
cascades and more were created and reimagined over time This handsome volume includes 300 illustrations including plans
