The background of the slide is a photograph of a classical building facade. At the top, a stone lintel features the words "MASONIC TEMPLE" in large, blue, serif capital letters. Below this, the image shows architectural details including a decorative frieze with a circular motif and a classical column with an ornate capital. The entire scene is set against a light sky.

Oligarchy in Fraternal Organizations Alvin J. Schmidt, 1973      Fraternal Organizations and the Iron Law of Oligarchy Alvin John Schmidt, 1969      **Contemporary Oligarchies in Developed Democracies** Shelly Gottfried, 2019-04-01 The book analyzes concentrations of wealth and power in developed democracies It shows that economic measures which states adopted during the 1980s and 1990s had evolved first into liberal oligarchy and later after the 2007 2008 global financial crisis into illiberal and populist oligarchy The shape and content of these two kinds of oligarchy have been determined largely because of practices and political strategies that powerful state and market actors employed This project will appeal to a wide audience including academics researchers students and anyone who is interested in oligarchy political power IR political economy and sociology      **Fraternal Organizations** Alvin J. Johnson, 1966-07-12 Harry M Johnson s Sociology A Systematic Introduction stands as a landmark in sociological education blending scholarly rigor with accessibility Echoing Donald Fleming s ideal of a textbook that channels consensus without stifling innovation Johnson s book offers a coherent yet flexible account of core sociological principles It is both a manual for students and a treatise that contributes meaningfully to the discipline Rather than impose a rigid framework Johnson draws upon a working consensus in sociology often associated with structural functionalism while avoiding theoretical dogmatism He integrates a wide range of empirical evidence from diverse sources including anthropology political science and economics without ever losing focus on sociological relevance This is not a superficial or oversimplified text Instead Johnson invites readers to think critically offering a balanced blend of theoretical insight and empirical depth He presents complex topics like ideology authority and bureaucracy with clarity and substance The annotated bibliographies at the end of each chapter further enrich the text guiding students toward deeper inquiry While demanding intellectual effort the book rewards it with understanding not rote memorization Johnson s lucid and graceful writing elevates the student s learning experience making the book an enduring educational resource It is a textbook that teaches and inspires by example preparing students for advanced study and independent sociological thought      **Political**
