## **Retracing Reality:**

**Retracing Reality** Marie-Dominique Philippe, 1999-01-01 This book is a response to Socrates invitation to know thyself The journey moves from immediate experience to the discovery of First Being with the human person as the central figure of inquiry in order to discover the purpose of human life This is an important work in the renewal of metaphysics called for by Pope John Paul II in *Fides et Ratio* 1998 A philosophical inquiry into reality in all its dimensions **Are You in Reality?** Gregoire Plus, 2010-07 ARE YOU IN REALITY The quest for wisdom or man s search for what reality is in his experiences comes from man s astonishment in front of all that exist When we see something we are lucid that we do not know the whole that which is the most profound is so hidden from our eyes that we easily prefer believing our own ideas to searching to unveil what the reality is Rather than to be toward something we have not made and that escapes us we prefer to remain in the ideas we construct or to contemplate our own image We need to seek if we Are truly living in reality or if we remain in our ideas as the only full discovery of reality as it is can be a path to wisdom and allow us to blossom Written from a series of seminars Are You in Reality is the author s contribution coming from his own experiences to the research of wisdom understood as man s search for truth This search for wisdom rightly called philosophy is a quest without any preconceived ideas an insatiable desire for light which can ultimately enlighten man about every aspect of his existence It must be capable of meeting each man in his experiences in his quest and in his own journey Therefore philosophy is neither Christian nor Buddhist neither European nor American neither African nor Asian It is human and intelligent in the sense that it takes its truth from no other source than that of the real that we encounter and of those who place themselves at its school
