Return Of Antisemitism:

The Return of Ideology Heiko Beyer, Alexandra Schauer, 2026-02-23 More than 60 years ago Daniel Bell proclaimed the end of ideology Indeed the concept of ideology in the social sciences and in political psychology was considered anachronistic not so long ago Those who did use it were considered ideologues themselves and sometimes worse With the rise of populism in the last decade this has changed and more scholars have begun to apply the concept again However most publications using the term do so rather loosely to denote political ideas and beliefs this way circumventing the contested critical connotation of the concept The aim of *The Return of Ideology* is to strengthen the social theoretical potential of ideology not by ignoring but by addressing its immanent problems It does so in three parts first it explores the concept's ambivalent and contested history beginning with its Marxist roots and evolution second it examines the methods used to study why people hold onto their beliefs even when it's against their interests and third it presents empirical studies of current ideological phenomena such as populism racism antisemitism intersectionality and conspiracy thinking Accessible and comprehensive this book offers valuable insights for anyone interested in understanding how ideas shape society today *The Return of Anti-Semitism*, 2004 *Refuting the Anti-Israel Narrative* Jeremy Havardi, 2016-04-05 In recent decades Israel has come under sustained diplomatic pressure from the West According to the press and the policy establishment she acts aggressively and with disregard for civilian lives in pursuit of an unnecessary and illegal occupation of Palestinian territory Others view the country as an embarrassing outpost of colonialism racism and apartheid whose actions and those of the pro Israel lobby have provoked a fiery Islamist backlash This book refutes these misrepresentations showing that Israel's actions are well within the norms of international law and morality and arguing that the country far from being a deviant state is a bastion of Western values The author offers a nuanced narrative outlining the legal moral and historical justice behind Jewish statehood and discussing the reasons behind the failed peace process in recent years **Antisemitism** Susan Sarah Cohen, 1987 **Zionism and Anti-Semitism** Max Simon Nordau, Gustav Gottheil, 1905 **Decline and Fall** Bruce S. Thornton, 2007 Islamic scholar Bernard Lewis predicts that in 50 years Europe will be an Islamic society which is to say Europe will culturally disappear In this penetrating and provocative book Thornton shows how Europe reached this pass and analyzes what Europe's decline means for the U S *Antisemitism, Its History and Causes* Bernard Lazare, 1903 **Being Jewish Today** Tony Bayfield, 2019-09-05 A deeply humane learned and personal reflection on Jewish identity Rowan Williams This inspiring book has made me a better Jew one who understands more who knows more Daniel Finkelstein This remarkable book takes us on a journey geographic historical cultural philosophical political autobiographical and yes religious Michael Marmot *Being Jewish Today* gives an account of both the journey of a particular British Jew and the journey of millions of women and men through today's perplexing and difficult world With honesty and integrity Rabbi Tony Bayfield breaks new ground in exploring the meaning of Jewish identity and its relationship to Jewish tradition and belief He does so from the

perspective of a person fully integrated into the modern Western world The rigorous questions he asks of his Jewishness Judaism and the Jewish God are therefore substantially the same as those asked by individuals of all faiths and none Beginning with an account of the journey of Jewish people and thought from ancient times to the present day Bayfield goes on to consider Jewish identity Israel as land and the scourge of anti Semitism He then turns to the twin concerns of Torah Halakhah practice and Aggadah ethics along with the matter of belief in a world faced with global extinction Finally in addressing the manifest injustice of life Rabbi Bayfield confronts the widely evaded questions of universal suffering and divine inaction Drawing on key religious and secular thinkers who contribute to the force of his argument Bayfield s masterful challenging and urgent book will appeal to all Jews whether religious or cultural and to anyone curious about the nature of Judaism and religion today

Movements and Issues in World Religions: A Sourcebook and Analysis of Developments Since 1945 Charles Wei-hsun Fu, Gerhard E. Spiegler, 1987-05-14 The religious world of the past forty years has been characterized by profound changes Western and Eastern religions both traditional and new have rapidly developed into interactive socio political forces that cannot be ignored if we are to understand contemporary social forces Until now there has been no single scholarly work that deals with virtually all of the important postwar religious movements and issues in world religions This unprecedented collection offers critical insights into diverse political religious and ideological traditions and their interaction in different regions of the world today

The Return of Religious Antisemitism? Gunther Jikeli, 2021-02-17 Antisemitism has risen again in many countries since the beginning of the 21st century Jew hatred and discrimination against Jews have a long tradition both in Christianity and Islam In the 19th century animosity against Judaism gave way to nationalistic and racist motives People like Wilhelm Marr called themselves antisemites to distinguish themselves from those who despised Jews for religious reasons Today Jews are often attacked in the name of human rights They are accused of supporting crimes against humanity allegedly committed by the Jewish State However many religious motifs of Jew hatred such as the accusation of killing Christ or the accusation of falsifying Islamic scripture are still relevant today and perhaps increasingly so in some denominations Other religious tropes have been secularized such as the accusation of ritual murder of Christian children that has been transformed into the accusation of purposeful killings of Palestinian children What role do religious motifs play in the resurgence of antisemitism in the 21st century be it directly in religious forms or indirectly in secularized ways

Antisemitism Today Kenneth Saul Stern, 2006 What is new in present day antisemitism is not the forms which remain religion and race based and political but the circumstances including the aftermath of the breakup of the USSR and new demographic realities especially the Arab Muslim presence and propaganda in the West Summarizes data on recent antisemitic expressions around the world Surveys Europe the Arab and Muslim worlds and the USA especially the

scene on college campuses At the 2001 Durban Conference anti racism was manipulated to serve anti Zionist and general antisemitic purposes Further the events of 9 11 were sometimes interpreted especially in the Arab Muslim world as the result of a Jewish conspiracy Recommends ways of responding to antisemitism as adopted by the American Jewish Committee e g focusing on the type of antisemitism and its venue in order to devise counter strategies including diplomacy and cooperation rather than confrontation Recommends independent research to determine the effectiveness of strategies and in view of some studies questions the long range usefulness of Holocaust education as a tool for reducing antisemitism

Strange Hate Keith Kahn-harris,2019-06-11 Keith Kahn Harris argues that the controversy over antisemitism today is a symptom of a growing selectivity in anti racism caused by a failure to engage with the challenges that diverse societies pose How did antisemitism get so strange How did hate become so clouded in controversy And what does the strange hate of antisemitism tell us about racism and the politics of diversity today Life long anti racists accused of antisemitism life long Jew haters declaring their love of Israel Today antisemitism has become selective Non Jews celebrate the good Jews and reject the bad Jews And its not just antisemitism that s becoming selective racists and anti racists alike are starting to choose the minorities they love and hate In this passionate yet closely argued polemic from a writer with an intimate knowledge of the antisemitism controversy Keith Kahn Harris argues that the emergence of strange hatreds shows how far we are from understanding what living in diverse societies really means *Strange Hate* calls for us to abandon selective anti racism and rethink how we view not just Jews and antisemitism but the challenge of living with diversity Anti-semitism Worldwide ,1995 *Antisemitism in Post-communist Eastern Europe* Leon Volovici,1994 Surveys of trends in post communist antisemitism in Eastern Europe reveal contradictory images of the significance of current anti Jewish manifestations and rhetoric Examination of the main themes in antisemitic discourse points to the predominance of irrational myths the Jewish or Israeli conspiracy and world wide Jewish power In addition the public debate on the Holocaust and collective responsibility for crimes against the Jews has had a significant impact on public discourse Questions of national identity a tendency towards historical distortion and mystification and the propagandistic accusation of Jewish guilt for the repressive communist regimes create contention which leads to anti Jewish manifestations Antisemitic motifs appear mainly in political discourse In order to know whether antisemitic political groups are central or marginal it is necessary to consider the degree of their acceptance by mainstream political forces the strength of antisemitic tradition and the amplitude of public or official reactions against antisemitism **Antisemitism: 1984-1985** Susan Sarah Cohen,1987 **Trusting and Toiling on Israel's Behalf** ,1897 *Index to Jewish Periodicals* ,2004 An author and subject index to selected and American Anglo Jewish journals of general and scholarly interests Antisemitism: 1988-1990 (pt. 2.) The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a brilliant and suspenseful novel that will keep you wondering until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
