Australian Heritage Council, 2012 The National Heritage List was created in January 2004 to recognize celebrate and protect  
places of outstanding heritage value to the nation One aspect of natural heritage that has been little explored is Australia \_\_s  
wealth of exceptional fossil sites While a small number of fossil sites have risen to public prominence there are many lesser  
known sites that have important heritage values The Australian Heritage Council engaged palaeontologists from state  
museums and the Northern Territory Museum and Art Gallery to compile lists of outstanding fossil sites and to document  
their characteristics and relative importance against a range of categories with a view to further understanding about  
Australia \_\_s important fossil heritage Sites that were listed for National or World Heritage values were not included in the  
places for consideration with the focus being on lesser known but still important sites This book is an account of the  
palaeontologists \_\_ findings Australia \_\_s Fossil Heritage provides a useful reference to the outstanding fossil sites it catalogs  
and gives a clearer understanding of the heritage values of such sites More generally it contributes to a greater appreciation  
of Australia \_\_s geological and fossil diversity and enables readers to learn more about Australia \_\_s prehistory     Corals
