Harrison,2023-04-17 How did the early Messianic believers understand the book of Revelation How did they understand its often strange and bewildering symbols The answer is surprisingly simple they used the Bible to interpret the Bible Modern scholars have long noted the similarities between the images of Revelation and those found elsewhere in the Bible But rarely has this been used as a method to interpret Revelation s meaning By reviving this ancient method Pastor Jeff Harrison brings clarity to John s visions and makes their message make sense to us today Harrison claims no privileged knowledge of the future but restricts himself

to the text of the Bible in the original languages Jewish culture and religion and well known facts of history The message that emerges is a challenging one encouraging Christians to faithfulness and devotion in these dangerous last days The Revelation of Jesus Christ to John is one of Pastor Harrison s most popular seminars It has been presented to thousands of students in the U S Canada the Philippines and Taiwan It reflects his study with some of the top Israeli archeologists and Christian scholars in Jerusalem and is enriched by his years as a study tour teacher in Israel This published version includes not only the same fresh translation of Revelation used in the seminars but also a new literal translation of all supporting scripture verses from the original languages The second edition includes several small changes including a larger font size improved clarity at various points in the explanation and additional references to support assertions made in the text The Revelation to John Martin H. Resseguie,2009-04-01 As the only book of its kind in the New Testament Revelation can be difficult to understand and for readers without specialized training the historical critical approach used in many commentaries can provide more complication than illumination Here James Resseguie applies the easily understandable tools introduced in his primer on narrative criticism to this challenging book He shows how Revelation uses such features as rhetoric setting character point of view plot symbolism style and repertoire to construct its meaning This literary approach draws out the theological and homiletical message of the book and highlights its major unifying themes the need to listen well an overwhelmingly God centered perspective and the exodus to a new promised land Here is a valuable aid for pastor and serious lay reader alike
