Revelatory Text Interpreting The New Testament As Sacred Scripture:

The Revelatory Text Sandra Marie Schneiders, 1991 Revelation Scripture and Church Theological Hermeneutic Thought of James Barr Paul Ricoeur and Hans F Richard R. Topping, 2007 How does God's involvement with the generation of Holy Scripture and its use in the life of the Christian church figure into the human work of Scripture interpretation This is the central question that this book seeks to address In critical conversation with the influential hermeneutic programs of James Barr Paul Ricoeur and Hans Frei Topping demonstrates how God's agency has been marginalized in the task of Scripture interpretation Divine involvement with the Bible is bracketed out Barr rendered in generic terms Ricoeur or left implicit Frei in these depictions of the hermeneutic field The result is that each of these hermeneutic programs is less than a realist interpretative proposal

The Bible and the Crisis of Meaning Christopher Spinks, 2007-08-30 Many of the most pressing issues in theology and the church today depend greatly on the understanding of the bible Recent debates on the theological interpretation of scripture have emerged which consider whether the meaning of scripture should concern theologians and church leaders at all The Bible and the Crisis of Meaning is an account of these debates in examining the concept of meaning in current proposals of theological interpretation The concept of meaning is deduced either from the supposed nature of the texts and their authors or from the function of the texts in religious communities Thus approaches to theological interpretation become debates between ontological and pragmatic strategists Stephen Fowler and Kevin Vanhoozer have embraced the term theological interpretation for their separate projects but their ideas of what this means and how meaning is a part of it differ greatly Christopher Spinks describes their respective concepts of meaning and argues for a more holistic concept that allows theological interpreters to understand their craft not so much as a discovery of intentions or the creation of interests but as a conversation in which truth is mediated

The Bible throughout the Ages Zondervan, 2024-11-12 The Bible throughout the Ages examines several crucial issues related to the Bible its status as God's truth and revelation the history of reading and interpreting Scripture and its ongoing relevance in the world today This edited volume is the result of collaboration between English and French speaking scholars who collectively address a range of issues regarding Scripture including literal vs metaphorical interpretations how theologians like Augustine Aquinas and Calvin read the Bible and how Scripture continues to shape the Christian faith today

The Once and Future Bible Gregory C. Jenks, 2011-01-10 This book offers a way to engage with the Bible as a set of sacred texts that can serve as a song sheet for believers in exile those people Bishop John Shelby Spong calls the church alumni association This includes those internally displaced persons of faith who have not yet become spiritual refugees but who feel the pressure to conform to traditional expressions of faith that no longer serve as springs of living water for the journey of life These ancient texts come from another world and another time but they can serve as maps for the journey of life They can best do this when the sacred wisdom of the Bible is accepted as permission to voice the new questions we face today in the confidence that authentic faith

has always required such boldness Religious progressives are people who live the questions not dodge them Our task is not to guard a set of traditional answers but to live life boldly taking risks for God s sake and our own One of the hallmarks of this book is that the problems posed by the Bible are acknowledged In particular the contributions of recent critical scholarship are embraced rather than being ignored or neutralized by pious ambivalence The intended reader of this book is not a traditional believer secure in her assumptions about God and salvation but someone struggling to live with integrity in a time when traditional religion seems increasingly irrelevant The goal is not to persuade the reader that the Bible is credible but more modestly to offer an account of the Bible that may encourage religious progressives to reclaim the Bible as a valued part of our spiritual baggage

New Testament Abstracts ,1992 [A Confessing Theology for Postmodern Times](#) Michael Scott Horton,2000 In a world in which absolute truth values and authority have lost their place the evangelical church needs most of all to be a beacon of truth and light Yet the relativistic mindset of our culture is seeping in pushing aside biblical content to make way for personal experience even in churches that once held firmly to the doctrines of the faith The result a watered down Gospel is having little impact on society or individual lives It is a challenge that must not go unmet In *A Confessing Theology for Postmodern Times* twelve confessing Christian scholars from various denominational backgrounds provide you with ideas and strategies for rising to that challenge They explore your resources for doing theology in a postmodern world as well as the obstacles and the opportunities it entails There is a crisis of truth in the world This volume is evidence that you can reach out to those who need the life changing message of the Gospel and still hold firm to a systematic biblical theology in postmodern times From book jacket

The Changing Priesthood Paul Edward Dinter,1996 *The Priesthood As ancient as the Bible Can it last into the 21st century*

The Journal of the Ancient Near Eastern Society ,1991 **Spiritual Practices in Psychotherapy** Thomas G. Plante,2009 This book is for mental health practitioners who want to enhance their clients psychological wellbeing using therapeutic tools drawn from spiritual and religious thought What can a non religious therapist do when a client directly requests help with a problem involving spiritual matters How can a therapist who is engaged in a religious tradition frame strategies such as discerning vocation participating in spiritual or religious rituals and forgiving in ways that are acceptable to secular clients Thomas Plante answers these questions and more by presenting thirteen tools to improve psychological and spiritual health that can be integrated into secular or religious oriented practice *Spiritual Practices in Psychotherapy* first reviews history philosophy and research behind and evidence for integrating tools such as meditation

learning from spiritual models and becoming part of something larger than oneself into therapy practice Dr Plante makes a case for integrating spiritual and religious tools in therapy as part of ethical practice and as a way to add value to services such as assessment counseling and consultation with other professionals A rich and diverse collection of case illustrations shows how to conduct psychotherapy using these tools and walks readers through real world examples of how to consult with clergy Finally the book offers an agenda for continued research and education and a variety of resources for further study in this area

Feminist Theologies for a Postmodern Church Loraine MacKenzie Shepherd,2002 Liberal modern approaches to theology have tended to silence voices from the margins This book offers an alternative feminist theological approach that more adequately addresses issues of diversity and marginalization It critically examines and combines aspects of four different feminist approaches Elisabeth Schüssler Fiorenza's critical modern Mary McClintock Fulkerson's poststructural Kwok Pui-lan's postcolonial and Kathryn Tanner's postliberal This alternative feminist theological approach is then used to examine how a liberal mainstream Protestant denomination has dealt with issues of sexual orientation and gender Particular attention is given to biblical interpretation as shaped by community the role of traditional doctrine assumptions of authority and revelation and communities of accountability *Flesh and Glory* Dorothy A. Lee,2002 This beautifully written book shows that the Gospel of John is not a collection of dry fragments but a rich unified text that continues to inspire believers

The New Religious Movements Amuluche Gregory Nnamani,2007 **Leave Her Alone** Megan McKenna,2000 Through her skillful use of stories and Jewish midrash McKenna introduces the reader to another side of Hannah Esther Rachel and Leah Mary Magdalene and many others including prophetesses and slaves In her inimitable style she emphasizes the life giving qualities of these women and their relationships with God The stories make us pause and reflect on new insights about our foremothers in faith

Neotestamentica ,2001 Vols for 1967 1968 1971 1983 constitute Proceedings of the meeting of Die Nuwe Testamentiese Werkgemeenskap van Suid Afrika **Semeia : an Experimental Journal for Biblical Studies** ,1996 An experimental journal for Biblical criticism *Hermes and Athena* Eleonore Stump,Thomas P.
