Alexandre Dumas

Revenge Of The Musketeers:

The Black Musketeer Eric Martone, 2011-05-25 Alexandre Dumas author of *The Three Musketeers*, *The Count of Monte Cristo* and *The Man in the Iron Mask* is the most famous French writer of the nineteenth century. In 2002 his remains were transferred to the Panth on a mausoleum reserved for the greatest French citizens amidst much national hype during his bicentennial. Contemporary France struggling with the legacies of colonialism and growing diversity has transformed Dumas grandson of a slave from St Domingue now Haiti into a symbol of the colonies and the larger francophone world in an attempt to integrate its immigrants and migrants from its former Caribbean African and Asian colonies to improve race relations and to promote French globality. Such a reconception of Dumas has made him a major figure in debates on French identity and colonial history. Ten years after Dumas's interment in the Panth on the time is ripe to re-evaluate Dumas within this context of being a representative of la Francophonie. The French re-evaluation of Dumas therefore invites a reassessment of his life, works, legacy, and previous scholarship. This interdisciplinary collection is the first major work to take up this task. It is unique for being the first scholarly work to bring Dumas into the center of debates about French identity and France's relations with its former colonies. For the purposes of this collection to analyze Dumas in a francophone context means to explore Dumas as a symbol of a French culture shaped by and inclusive of its former colonies and current overseas departments. The seven entries in this collection which focus on providing new ways of interpreting *The Three Musketeers*, *The Man in the Iron Mask*, *The Count of Monte Cristo* and *Georges* are categorized into two broad groups. The first group focuses on Dumas's relationship with the francophone colonial world during his lifetime which was characterized by the slave trade and provides a postcolonial re-examination of his work which was impacted profoundly by his status as an individual of black colonial descent in metropolitan France. The second part of this collection which is centered broadly around Dumas's francophone legacy examines the way he has been remembered in the larger French speaking postcolonial world which includes metropolitan France in the past century to explore questions about French identity in an emerging global age.
