Lewis,1999 The Aztec empire centred on Tenochtitlan modern Mexico City embraced nearly all the peoples of central America during the 15th and early 16th centuries Renowned for their architecture agriculture jewellery and textiles the Aztecs also developed a form of pictographic writing and a complex calendar system However they are chiefly if unfortunately remembered for their human sacrifices tearing the heart from the living body to offer to their Sun god This introduction to one of the world s most fascinating lost civilizations examines its history and culture and concludes with an account of its violent destruction by the Spaniards in 1521

The Aztecs Richard F. Townsend,2009 From their remote origins as migrating tribes to their rise as builders of empire the Aztecs were among the most dynamic and feared peoples of ancient Mexico This fully revised and reorganized third edition of Richard Townsend s masterly study presents an expanded view of their history and cultural achievement and includes colour plates for the first time The book begins with a vivid evocation of the coronation rites of a new emperor conveying the richness and diversity of Aztec civilization Great weight is given to the influence of preceding cultures at Teotihuacan Xochicalco and Tula Remarkable new discoveries are described especially the huge 12 ton monolith of the goddess Tlaltecuhltli found in the Great Pyramid precinct A breakthrough in hieroglyphic decipherment reveals that many phonetic elements combine with pictographic forms in Aztec script recalling conventions of Classic Maya writing This edition ends with the conquest of Tenochtitlan by Spanish and Indian allies as seen from the Aztec viewpoint and the Conclusion points out the importance of the Aztec legacy in the formation of modern Mexico
