Revolt Of The Widows:

The Revolt of the Widows Stevan L. Davies, 1980 No child of this century women's liberation existed as a Christian movement in the 2nd century In this first study of the social context that produced the Apocryphal Acts Stevan L Davies contends that women wrote the Acts and that the Acts appear to have been a striving by Christian women for both a mode of self expression and a way to preach rebellion for the sake of sexual continence These early rebels called widows because they left their husbands for the church refused absolute subservience to the male hierarchy of the church The three parts of Davies's study include an investigation of the magical world view of late 2nd century Christianity a close look at the people the Acts describe as new Christian converts and a summary and analysis of the nature of the authors of the Acts These women like their sisters today were seeking equal standing with men in the Christian church

The Revolt of the Widows Stevan L. Davies, 2012-06 The Apocryphal Acts of the Apostles were among the most popular extracanonical writings of the second century The Acts of John Peter Paul Andrew Thomas and Xanthippe tell stories of the legendary wanderings preaching and miracles of the apostles Besides talking beasts extravagant healings and moral discourses the Apocryphal Acts reserve an important place for stories about women Each of the Acts describes a woman who converts to Christianity leaves her husband for the sake of the church and then lives in sexual abstinence Davies argues that such women were known as Widows a group which could at times include both widows and virgins widows were sexually continent often dependent upon the church for financial support often of advanced age expected to pray constantly and resolved to remain faithful to Christ Such a group of women would have had a collective identity even a semi clerical status He shows that these texts featured sexually continent Christian women in their narratives and they they are likely to have been authored by Christian women By analyzing the social world behind the apocryphal Acts Davies reveals the way in which Christian women in early centuries sometimes sought to have equal standing with men by rejecting their traditional roles as wives and mothers In addition to surveying the roles of women in ancient Christianity *Revolt of the Widows* emphasizes the magical world view that dominated in ancient times both among Christians and pagans In an extensive new afterword Davies tackles the canonical Acts of the Apostles and provides convincing evidence that the author traditionally identified as Luke was a woman a mother of the church opens up whole new vistas on the self understanding of women in the early church Carolyn Osiek *Catholic Biblical Quarterly* provocative deserves to be taken seriously as another attempt in turn to take seriously those voices which have been muted by an aristocratic scholarly establishment for these many centuries Devon Wiens *Journal of Biblical Literature* Davies perceptively notes how the apocryphal Acts represent males as ethically dangerous liable to temptation and confused about their faith the very tendencies most patristic writers ascribed to women Elizabeth Clark *Church History* *Mapping Gender in Ancient Religious Discourses* Todd C. Penner, Caroline Vander Stichele, 2007 A collection of essays on early Christian Jewish and Greco Roman religious discourses in antiquity focusing on the construction of gender in relationship to

broader cultural and religious themes argumentation and identity formation in the early centuries of the common era

Birthing Salvation Anna Rebecca Solevåg,2013-10-09 In *Birthing Salvation* Anna Rebecca Solevåg explores the theme of childbearing in early Christian discourse The book maps the importance of women's childbearing in Greco Roman culture and shows how childbearing discourse interfaces with salvation discourse in three early Christian texts the Pastoral Epistles the Acts of Andrew and the Martyrdom of Perpetua and Felicitas Issues of gender and class are explored through an intersectional analysis In particular the institution of slavery and its implications for ideas about salvation in these texts are drawn out *Birthing Salvation* offers fresh interpretations of these texts including the peculiar statement in 1 Tim 2 15 that women will be saved through childbearing

Women in a Celtic Church Christina Harrington,2002-04-11 A history of women in the early Irish church has never before been written despite perennial interest in the early Christianity of Celtic areas and indeed the increasing interest in gender and spirituality generally This book covers the development of women's religious professions in the primitive church in St Patrick's era and the development of large women's monasteries such as Kildare Clonbroney Cloonburren and Killeedy It traces its subject through the heyday of the seventh century through the Viking era and the Culdee reforms to the era of the Europeanization of the twelfth century The place of women and their establishments is considered against the wider Irish background and compared with female religiosity elsewhere in early medieval Europe The author demonstrates that while Ireland was distinct it was still very much part of the wider world of Western Christendom and it must be appreciated as such Grounded in the primary material of the period the book places in the foreground many largely unknown Irish texts in order to bring them to the attention of scholars in related fields Throughout the study the author notes widespread ideas about Celtic women pagan priestesses and Saint Brigit considering how these perceptions came about in light of the texts and historiographical traditions of the previous centuries *The Life and Life-work of Behramji M.
