Man Whence And Whither:

Man: Whence, How and Whither Annie Besant, C. W. Leadbeater, 2013-12-10 The problem of Man's origin of his evolution of his destiny is one of inexhaustible interest Whence came he this glorious Intelligence on this globe at least the crown of visible beings How has he evolved to his present position Has he suddenly descended from above a radiant angel to become the temporary tenant of a house of clay or has he climbed upwards through long dim ages tracing his humble ancestry from primeval slime through fish reptile mammal up to the human kingdom And what is his future destiny Is he evolving onwards climbing higher and higher only to descend the long slope of degeneration till he falls over the precipice of death leaving behind him a freezing planet the sepulchre of myriad civilisations or is his present climbing but the schooling of an immortal spiritual Power destined in his maturity to wield the sceptre of a world a system a congeries of Systems a veritable God in the making This comprehensive survey of the past and future history of mankind was obtained by clairvoyant investigation
