## Managerial Rhetoric Arts Orgs:

**Managerial Rhetoric and Arts Organizations** L. Zan, 2006-01-27 The arts have faced big changes in recent years This book explores the changes driven by the crisis of the welfare state and the privatization of public entities It considers the tensions between managerial rhetoric and professional practices and questions the extension of managerial rhetoric for the very survival of arts organizations **International Journal of Arts Management**, 2004 American Book Publishing Record, 2006 **The British National Bibliography** Arthur James Wells, 2006 Cross-sector Partnerships and Corporate Involvement in the Reinvention of the National Endowment for the Arts Laurel George, 1997 *Handbook of Rhetorical and Communication Theory* Carroll C. Arnold, John Waite Bowers, 1984 **The Literature of the Nonprofit Sector**, 1989 The first volume was a cumulative volume which contained the Foundation Center collection Subsequent editions include all the Foundation Center acquisitions acquired annually as well as other current literature

Organizational Theory and Public Policy Richard H. Hall, Robert E. Quinn, 1983-08 Organizations both make and implement policy and policy is most often directed at organizations Yet the complex interaction between policy and organization is not often studied The essays in this volume apply the insights of organization studies to the study of policy They also deal with political and economic issues that are often passed over by organization studies The contributors discuss the increasing political influence of large corporations the limits to rationality in regulation policy for specific issues such as care for the elderly and issues of organization theory Each essay considers the contributions that policy and organization studies can make to these issues *Organizational Communication* Gerald L. Wilson, H. Lloyd Goodall, Christopher L. Waagen, 1986 **Leadership Resources**, 2000 **Marketing the Arts** Michael P. Mokwa, William M. Dawson, E. Arthur Prieve, 1980 **CCCC Bibliography of Composition and Rhetoric, 1991** Gail E. Hawisher, Cynthia L. Selfe, 1993 The CCCC Bibliography of Composition and Rhetoric published for the Conference on College Composition and Communication offers teachers and researchers an annual classified listing of scholarship on written English and its teaching at the college level The 1991 volume lists and annotates 1 925 articles books dissertations and papers that with few exceptions were published during the 1991 calendar year A group of 171 contributing bibliographers prepared the citations and annotations for the entries appearing in this volume The CCCC Bibliography includes an index of authors and editors a subject index and entries cross referenced according to subject matter Considerably more comprehensive than other bibliographies in composition studies the CCCC Bibliography of Composition and Rhetoric draws upon a large group of experts in the field to aid teachers and researchers in sorting through a vast body of interdisciplinary material making their work easier and more effective Annotations accompany all entries in this volume They describe a publication s contents and are intended to help users determine its usefulness Annotations are brief and insofar as the English language allows are meant to be descriptive not evaluative they explain what an entry is about while leaving readers free to judge for themselves the work s merits Most

annotations serve one of three functions they present the document's thesis main argument or major research finding they describe the work's major organizational divisions or they indicate the purpose or scope of the work The subject index lists most of the topics discussed in the works cited in this volume Consulting the Subject Index will help users locate sections and subsections containing large numbers of entries addressing the same topic Each document is cited and annotated only once under one of the five major sections of the CCCC Bibliography Each entry however receives an entry number so that cross references to other sections are possible This feature is especially useful because much scholarship in composition and rhetoric is interdisciplinary in nature Cross references appear as a listing of entry numbers preceded by See also found at the end of each subsection Entries appear under five major categories bibliographies and checklists theory and research teacher education administration and social roles curriculum and testing measurement and evaluation Although the CCCC Bibliography excludes master's theses textbooks computer software and book reviews from its coverage it furnishes citations to review essays articles appearing in some 220 journals scholarly monographs and essay collections dissertations abstracted in Dissertation Abstracts International and selected documents and conference materials available through ERIC
