Managing church conflict is part of being an effective pastor. The biblical strategies in this helpful book reveal insightful ways to fulfill this difficult part of local church leadership. This book charts a course to that end. Jeff Iorg, President Gateway Seminary.

**Beyond Matthew 18** William E Buelow D Min J D, 2023-11-29 CONFLICT and the division ill will and heartache it brings seems to prevail all around us. Regrettably people of faith are not immune from the impact of conflict. In fact too often it seems that those who profess faith in Christ experience conflict in disproportionate measure. Christian families, church leadership teams, Christian owned businesses, and even churches themselves too frequently disintegrate under the heavy burdens of unresolved conflict. This book is presented as a resource for gaining a fuller understanding of conflict between Christ followers and for increasing the effectiveness of conflict resolution efforts. It uniquely draws from multiple conflict resolution disciplines combining and unifying each with a fuller and more complete understanding of Biblical guidance offered on the topic. And it provides the effective strategies necessary to restore peace and unity among those entwined in conflict. Whether one is embroiled in a conflict or is seeking to help manage or resolve a conflict between others, this book is ultimately designed to help the readers' efforts to promote and restore unity and peace between those within the community of Christ followers who are struggling in conflict and to do so in a way that honors God and the guidance provided in His Word.

**ABOUT THE AUTHOR** Dr. William Bill Buelow has been guiding others to the successful resolution of conflicts for more than 30 years. Uniquely qualified and experienced as a counselor, therapist, attorney, mediator, chaplain, pastor, and educator, Bill combines the best practices of each discipline as he works with church leaderships, families, business leaders, and others toward restoring Christian unity, trust, and common purpose in a manner that is consistent with and under the authority of biblical instruction. Bill has earned doctoral degrees in law and ministry and a master's degree in counseling psychology and has completed advanced training in Transformative Mediation. The author of multiple legal publications, Bill now offers this book as a practical guide to understanding conflicts between Christ followers and to assist readers' efforts to effectively promote and restore unity and peace between conflicting Christian brothers and sisters.

**Conflict Management and the Apostle Paul** Scot McKnight, Greg Mamula, 2018-05-22 Churches often find themselves in the middle of conflict. These conflicts can exist between people within the church, between the leaders and congregation, or even between churches themselves. Leaders often turn to Scripture for guidance in resolving these conflicts. However, the Bible does not outline or even discuss conflict management. In fact, various biblical figures, from ancient Israelite kings to New Testament apostles, all uniquely approach conflict. Does the Bible have a theory of conflict management? In *Conflict Management and the Apostle Paul*, the authors explore how Paul approached conflicts with his close associates like Barnabas and Peter and with his mission churches like those in Galatia and Corinth. *Conflict Management and the Apostle Paul* distinctively sketches how various theories of conflict management used today shed light on Paul's own approaches to conflict while also evaluating the conflicts themselves. The

authors in this volume are pastors and church workers who themselves bring their own experiences with conflict into play as they seek wisdom from the New Testament How to Manage Conflict in the Church, Conflict Interventions & Resources  
Norman Shawchuck, 1983-06 How To Manage Conflict In The Church Conflict Interventions Resources Volume II This book is a companion volume to How To Manage Conflict In The Church Understanding Managing Conflict Volume I It gives you step by step plans for actually intervening in specific conflict situations The plans are supplemented with selected readings and exercises It is a tool kit for use in conflict situations
