mathematics curriculum materials and the impact of curriculum materials on teaching and teachers with a particular
emphasis on but not restricted to those materials developed in the 1990s in response to the NCTM s Principles and
Standards for School Mathematics Despite the substantial amount of curriculum development activity over the last 15 years
and growing scholarly interest in their use the book represents the first compilation of research on teachers and mathematics
curriculum materials and the first volume with this focus in any content area in several decades **Mathematics** Silver
