*Forging the Beast of Bay Area: My Journey from AWS to Cent Capital* Shivam Singh, 2025-10-11 This is not a conventional business memoir It is a playbook for any entrepreneur builder or leader seeking to shape the age of AI The nickname Beast of Bay Area was earned in the high stakes world of Amazon Web Services a recognition of a relentless drive to dismantle complex problems and hunt for the highest impact opportunities This book codifies that methodology charting a journey from the front lines of enterprise AI to the founding of Cent Capital a mission to solve the deeply personal and pervasive problem of financial anxiety It is a story of conflict the internal struggle of leaving a seat of power to chase a mission and the external battle of taking on the Goliaths of both technology and finance It is a testament to the idea that the most powerful moats are not built on models but on data that the greatest opportunities lie in addressing fundamental human needs and that true impact requires a willingness to migrate from comfortable territory into new more challenging jungles
