T.,1764      **The Experiential Turn in Eighteenth-Century German Philosophy** Karin de Boer,Tinca Prunea-Bretonnet,2021-05-17 This collection of essays challenges the prevailing assumption that eighteenth century German philosophy prior to Kant was largely defined by post Leibnizian rationalism and accordingly a low esteem of the cognitive function of the senses It does so by highlighting the various ways in which eighteenth century German philosophers reconceived the notion and role of experience in their efforts to identify defend and contest the contribution of sensibility to disciplines such as metaphysics theology the natural sciences psychology and aesthetics Engaging in depth with Tschirnhaus Wolff the Wolffians eclecticism Popularphilosophie the Berlin Academy Tetens and Kant its thirteen chapters present a more nuanced understanding of the German reception of British and French ideas and dismiss the prevailing view that German philosophy was largely isolated from European debates Moreover the book introduces a number of relatively unknown but highly relevant philosophers and developments to non specialized scholars and contributes to a better understanding of the richness and complexity of the German Enlightenment      **Paulus, Then and Now** John Jesse Carey,2002 Is The Courage to Be still a viable analysis of the human situation Does Tillich s positive sense of Eros illumine our intense discussions of human sexuality Does Postmodernism really dissolve Tillich s major assumptions Can Tillich contribute to the contemporary discussion of science and religion How does his work stand when compared to other writers on creation such as Langdon Gilkey and Sallie McFague Given the paradoxes of Tillich s life is his ethical theory still viable In Paulus Then and Now A Study of Paul Tillich s Theological World and the Continuing Relevance of his Work John J Carey clarifies previously neglected foundational aspects of Tillich s thought Carey places Tillich s theological work in political social economic and scholarly context He also explains Tillich s thinking on Luther Marx history and politics and his unique perspective on the Bible and on biblical authority Having accomplished these things Carey then moves to show how Tillich s thinking can be applied to contemporary problems
