Manager's Guide to Expert Systems Using Guru C. W. Holsapple,Andrew B. Whinston,1986 Discusses the potential business applications of expert systems and describes the Guru Artificial Intelligence environment program **Guide for the Management of Expert Systems Development** Rand Corporation,1989 This report was prepared to assist managers in the risk managed application of expert systems ES technology Two problems that have frustrated managers and technicians who might otherwise be interested in exploring ES solutions are the seeming lack of a software engineering discipline for creating and maintaining expert systems and the fact that the software development risks associated with expert systems have not been clearly addressed This guide focuses on ES development as a software engineering endeavor and emphasizes that as such it should be subject to much the same discipline as conventional automated information system software The guide is meant to be used in conjunction with accepted software development methods and standards such as Department of Defense DOD Standards 2167A and 7935 1 DOD Directive 7920 1 DOD Instruction 7920 2 and the OSD Major Automated System Review Council MAISRC Guidelines for Program Managers This document presents a step by step guideline that addresses the managerial and technical risks of each phase in the software development life cycle of systems that contain ES components **Knowledge-based Systems for Management Decisions** Robert J. Mockler,1989 *Knowledge Processing and Applied Artificial Intelligence* Soumitra Dutta,2014-05-16 Knowledge Processing and Applied Artificial Intelligence discusses the business potential of knowledge processing and examines the aspects of applied artificial intelligence technology The book is comprised of nine chapters that are organized into five parts The text first covers knowledge processing and applied artificial intelligence and then proceeds to tackling the techniques for acquiring representing and reasoning with knowledge The next part deals with the process of creating and implementing strategically advantageous knowledge based system applications The fourth part covers intelligent interfaces while the last part details alternative approaches to knowledge processing The book will be of great use to students and professionals of computer or business related disciplines **Organization and Decision Theory** Ira Horowitz,2012-12-06 Ira Horowitz Depending upon one s perspective the need to choose among alternatives can be an unwelcome but unavoidable responsibility an exciting and challenging opportunity a run of the mill activity that one performs seem ingly without thinking very much about it or perhaps something in between Your most recent selections from a restaurant menu from a set of jobs or job candidates or from a rent or buy or sell or Iease option are cases in point Oftentimes we are involved in group decision processes such as the choice of a president wherein one group member s unwelcome responsibility is another s exciting opportunity Many of us that voted in the presidential elections of both 1956 and 1984 irrespective of political affiliation experienced both emotions others just pulled the lever or punched the card without thinking very much about it Arriving at either an individual or a group decision can sometimes be a time consuming torturous and traumatic process that results in a long regretted choice

that could have been reached right off the bat On other occasions the just let s get it over with and get out of here solution to a long festering problem can yield rewards that are reaped for many 1 ORGANIZATION AND DECISION THEORY 2 years to come One way or another however individuals and organiza tions somehow manage to get the decision making job done even if they don t quite understand and often question just how this was accomplished *Research Working Paper - Federal Home Loan Bank Board* United States. Federal Home Loan Bank Board. Office of Policy and Economic Research,1980

Research Paper ,1988 **Fault Detection, Supervision and Safety for Technical Processes 1991** B. Freyermuth,R. Isermann,2014-05-23 These Proceedings provide a general overview as well as detailed information on the developing field of reliability and safety of technical processes in automatically controlled processes The plenary papers present the state of the art and an overview in the areas of aircraft and nuclear power stations because these safety critical system domains possess the most highly developed fault management and supervision schemes Additional plenary papers covered the recent developments in analytical redundancy In total there are 95 papers presented in these Proceedings
