Tawny PaPawny and the Messy Room T. P. McKinnon, 2012-04-18 Tawny was in trouble again Today was chore day and her room was a mess Tawny enjoyed having her own room but she hated keeping it clean She didn't have to worry about sharing it with anyone except Duke her pet turtle If Momma saw this room she might not be able to go outside today Everything was going okay until she discovered her long lost video game under her bed and decided to take a break from cleaning When Momma showed up and scolded her for not finishing the job she found herself spending the afternoon uncovering lost and forgotten treasures in her room and doing some cleaning too She also learned from her Momma the importance of keeping a clean room and that everybody had to clean their rooms growing up even her brother Sam Then to top it off Momma told her a story about Grandma Beatrice and the infamous white glove test and Tawny made the decision that it was better to have a clean room than a messy room any old day and finding her video game helped too

shocking ending B P Walter **In My Mother's House** Kim Chernin, 1983 In this twentieth anniversary edition of the feminist classic *In My Mother's House* Kim Chernin tells the brave and ultimately triumphant story of Rose Chernin Russian immigrant and passionate Old Left activist and her daughter Kim the narrator of this riveting memoir of conflict confrontation and reconciliation among four generations of Chernin women My mother was a political activist who participated in the making of history Her daughter is an introspective poetic sort of person the very type likely to be fascinated by this life that was larger than life Yet it was the mother who suggested that the daughter undertake the task of telling the mother's story And it was the daughter who worked for seven years to accomplish it *In My Mother's House* from its very first pages steps out into a large social and historical terrain This scope is achieved in large part by beginning the story with and concentrating much of it on my mother whose life began in a small Jewish shtetl in Russia and brought her into eventual leadership of the most radical social movement of the twentieth century As I wrote I became fascinated by the patterns of relationships between mothers and daughters over several generations a narrative I could not possibly have developed as a younger writer both because of the skills required and because I would still have been battling with my mother trying to overcome the power of her influence Years before I wrote *In My Mother's House* I had tried to tell the story of a young girl growing up in a left wing family during the 40s and 50s It was a tale I had to tell first as fiction full of evasions and disguise before I could come to the fuller version of the story some ten years later True stories keep on changing the mother's stories are told by the daughter the way the daughter imagined having heard them from the mother as a child How delicately the memoir tiptoes toward fiction how especially so in a family of storytellers Yet in the end my mother speaking through me and I speaking to her arrived at a truth one so compelling to us both that in the years after *In My Mother's House* was published I noticed that my mother had begun to tell her stories in my way the way I had written them in the voice I had invented for her which she now in real life had chosen to inhabit Is this what she had in mind when she first asked her daughter to tell her story If in one of my women's studies courses I had heard that I would get to work with Kim Chernin that we would exchange e-mails and have lunches to discuss books and ideas and how stories unfold in our minds and onto the page I wouldn't have believed it Working on this anniversary edition of *In My Mother's House* has been a great honor and a whole lot of fun A S
