Sentence Combining and Paragraph Building William Strong, 1981 **Sentence Combining** Donald A. Daiker, Andrew Kerek, Max Morenberg, 1985 Twenty three stimulating papers including essays by Peter Elbow Donald Murray and William Strong selected from the more than sixty presented at the Second Miami University Conference on Sentence Combining and the Teaching of Writing Sentence combining has not only survived the paradigm shift in the teaching of writing but continues to stimulate provocative creative thinking about the writing process itself No longer an end in itself but a tool sentence combining has become a method of teaching about ways of thinking of perceiving and of organizing reality Theorizing Composition Mary Kennedy, 1998-06-25 The last 25 years have witnessed extraordinary growth in the academic specialization variously described as composition studies or rhetoric and composition What was noticeable about the field in its infancy was a preoccupation with practice a lack of emphasis on theory and an exclusive reliance on the writing process As its disciplinary status has grown the field has become far more theoretical Composition studies has expanded its focus reconceptualized the writing process and embraced a wide range of critical perspectives The result of this change is that terms such as poststructuralism social construction gender and genre which were largely unknown in 1965 now dominate discussion This reference book is a guide to the multiplicity of theories that have emerged to form the disciplinary foundation of composition studies The volume consists of 66 entries each of which is written by an expert contributor and focuses on a particular theory or group of theories While the entries show how various individuals have contributed to theoretical movements very few concentrate on the work of a single theorist Each entry first provides a critical summary of a particular theory or group of theories including key elements basic concepts and claims and information about seminal or particularly influential works It then reviews the theory's critical reception in composition studies and discusses its significance in the field The bibliography at the end of each entry lists primary texts and major scholarship related to the theory and provides additional suggestions for further reading The volume closes with a selected bibliography of important works *Instructor's Resource Manual to Accompany The Little, Brown Handbook, Ninth Edition* Jane E. Aaron, Robert A. Schwegler, 1986 **CliffsNotes HiSET Cram Plan** Tim Collins, Timothy G. Collins, 2015 CliffsNotes HiSET Cram Plan provides calendarized test prep for the HiSET which is a high school equivalency test similar to the GED and used in a growing number of states **Practical Ideas for Teaching Writing as a Process** Carol B. Olson, 1996-02 Contains a collection of specific classroom strategies suggestions for teaching writing to elementary school students according to an eight stage process Specific techniques for teaching each stage of the writing process descriptions of proven approaches for using these techniques are also included A wonderful resource a labor of love from a large talented group of educators Had its beginnings in the California Writing Project at the Univ of California Irvine Best Seller Illustrated
