

An abstract painting with a complex, layered texture. The color palette is dominated by warm, earthy tones: ochre, sienna, and terracotta. Interspersed among these are dark, almost black, shapes and lines that create a sense of depth and shadow. The overall effect is one of organic, perhaps geological or biological, complexity. The brushwork is visible, contributing to the rich, tactile quality of the surface.

Pious Passion:

Pious Passion Martin Riesebrodt, 1998-06 For all who want to make sense of fundamentalism as a long term consequence of the modern world Pious Passion will be required reading It is also enjoyable abounding in cogent arguments set forth in lucid prose and supported by compelling examples Bruce B Lawrence author of *Defenders of God* Riesebrodt's trenchant analysis brings the comparative study of religious activism to a new level of sophistication exploring not only the ideological development of fundamentalist movements but also the changes in social structure that produced them Pious Passion is a signal event in the modern social sciences for it helps to establish a new academic field the comparative study of fundamentalism Mark Juergensmeyer author of *The New Cold War* *Understanding Fundamentalism* Richard T. Antoun, 2008-02-21 The second edition of *Understanding Fundamentalism* provides a compelling and up to date picture of religious reactions against the modern secular world Comparing Christian Islamic and Jewish fundamentalist movements anthropologist Richard Antoun shows how all three share common characteristics In each tradition fundamentalists seek purity in an impure world attempt to make the ancient past relevant to their contemporary situation look to move religion out of the worship center and into every aspect of life and actively struggle against the aspects of the modern world they regard as evil The new edition addresses fundamentalism in the post 9 11 world transnational religion and the impact of religious migration on Afghanistan and Western Europe A glossary and Antoun's readable style make the concepts readily accessible for beginning students For classes in religious studies anthropology or sociology of religion *Understanding Fundamentalism* brings a balanced introduction to these often misunderstood religious activists *Fundamentalism and Gender* Ulrike Auga, Christina von Braun, Claudia Bruns, Jana Husmann, 2013-10-04 This anthology addresses the topic of fundamentalism and gender from inter and trans disciplinary perspectives By referring to three major themes Literalism Religion and Science Nation State and Community and Body Life and Biopolitics the book focuses on the analytical diversification of the term fundamentalism and on intersections between religion gender sexuality race and nation International scholars in cultural history and theory religious studies Christian theologies Islamic studies history social sciences anthropology comparative literature and women and gender studies examine the historical and current specifics of religious as well as of secular forms of fundamentalism They also take a critical look at the Western discourse about religious fundamentalism and the ambivalent role feminism plays in this context considering questions such as Why do all religious fundamentalisms claim normalizing definitions of sexuality gender roles and intergender relations In what way do gender and sexual politics play a role in secular criticism of religious fundamentalism And how are forms of secular fundamentalism characterized by gender constructs and sexual politics **The Works of the Rev. Isaac Watts, D.D.** Isaac Watts, 1812 **The Works of the Rev. Isaac Watts D.D. in Nine Volumes** Isaac Watts, 1812 **The Brotherhood**, 1906 **Unity**, 1916 **Pious Reflections on the Passion of Jesus Christ ...** Giovanni Giammaria, 1851 *Soft Patriarchs, New Men* W. the wake of dramatic recent changes in American family life evangelical and mainline Protestant churches took markedly different positions on family change This work explains why these two traditions responded so differently to family change and then goes on to explore how the stances of evangelical and mainline Protestant churches toward marriage and parenting influenced the husbands and fathers that fill their pews According to W Bradford Wilcox the divergent family ideologies of evangelical and mainline churches do not translate into large differences in family behavior between evangelical and mainline Protestant men who are married with children Mainline Protestant men he contends are new men who take a more egalitarian approach to the division of household labor than their conservative peers and a more involved approach to parenting than men with no religious affiliation Evangelical Protestant men meanwhile are soft patriarchs not as authoritarian as some would expect and given to being more emotional and dedicated to their wives and children than both their mainline and secular counterparts Thus Wilcox argues that religion domesticates men in ways that make them more responsive to the aspirations and needs of their immediate families
