key aspects of colonial rule while a few more provocative films openly favored anticolonial movements and urged internal decolonization for people of color in Britain France and the United States Combining new archival research on the films production with sharp analysis of their imagery and political messages the book also assesses their reception through box office figures and newspaper reviews It examines both high profile and lesser known films on overseas colonialism including *The King and I* *Bhowani Junction* and *Island in the Sun* and tackles treatments of miscegenation and internal colonialism that appeared in Westerns and American films like *Pinky* and *Giant* The first truly transnational history of cinema s role in decolonization this powerful book weaves a unified historical narrative out of the experiences of three colonial powers in diverse geographic settings
