The Ultimate Day Trader Jacob Bernstein, 2009-07-18 Day trading is difficult The path is fraught with risk But a pot of gold awaits those who learn their lessons well After four decades in the markets as a trader analyst author educator and system developer Jacob Bernstein sets down a comprehensive guide to the art of day trading You will learn New day trading methods Order entry strategies How to avoid costly errors when using electronic trading platforms Detailed

strategies to maximize profits With this book readers will have the complete guide they need to profit from this risky but exciting field Trading profits are just a day away

The Investor's Toolbox Peter Temple,2012-01-09 This book is a simple practical guide to how you can use some of the newer investment products like spread betting binary betting contracts for difference covered warrants and exchange traded funds as well as older ones like futures and options to help your investing In different ways each of these products allows you either to boost the returns you get in exchange for taking on greater risk hedge your bets in exchange for slightly lower returns use much less capital to achieve the same market exposure or move money into and out of a range of markets and sectors efficiently The author believes they are tools that all investors need to know about and be able to use when the occasion demands it They should help you successfully confront any lengthy period of trendless or volatile markets While the past three years has seen a generally strong upward trend in stock markets this is not bound to continue Periodic volatility is the natural order of things Interestingly enough despite what appears to have been a bull market recent years have also seen increased use by private investors of many of the tools described in this book Proof if needed that they work and can be applied in all market conditions
