Natural Advantages Of Women:

Freedom and Equality Clare Chambers, 2024-03-19 Should the state recognise gender Can a liberal state discourage traditional family structures Is women s sport compatible with equality of opportunity Should feminists defend women s freedom to choose cosmetic surgery Is genital cutting always wrong or is it only wrong for girls *Freedom and Equality* investigates the contours of feminist liberalism a philosophical approach that is appealing but elusive Its hallmark is a liberalism that prioritises equality and individual autonomy while offering a rigorous critique of using individuals choices as the measure of justice Liberalism without feminism prioritises individual choice a strategy that has played a crucial role in the liberal defence of freedom against authoritarianism and conformity However as feminism shows relying on individual choice is insufficient to render an outcome just because people often choose things that harm or disadvantage themselves From beauty norms to the gendered division of labour from marriage to religion women and men choose to arrange their lives in ways that perpetuate inequality Often these choices are made in response to social norms including unjust unequal or harmful norms It follows that relying on individual choice as a measure of justice actually leaves unjust social structures intact Any defender of autonomy and equality must be prepared to criticise individuals choices while prioritising individual choosers The essays in this collection cover a wide range of issues fundamental to liberalism to feminism and to their intersection They explore the foundational philosophical concepts of choice equality of opportunity ideology and the state and they engage directly with key political controversies including women s sport the state recognition of gender the regulation of cosmetic and cultural surgeries and state action to secure equality in the family Clare Chambers argues that feminist liberalism is both possible and necessary It is possible because the two doctrines of feminism and liberalism are compatible their fundamental values of freedom and equality aligned But feminism is necessary because liberalism has shown that it is simply not up to the task of securing gender equality and women s liberation alone [Female Entrepreneurs](#) John Smythe, Ruth Saunders, 2020-04-03 The comparative numbers between male and female led start ups are stark Ninety one per cent of venture capital money continues to fund businesses founded solely by men with only one per cent of venture capital money invested in businesses founded solely by women Yet being a female entrepreneur is not the preserve of Wonder Woman It s for every woman who wants to make it happen *Female Entrepreneurs The Secrets of Their Success* encourages every woman who has dreamt of being an entrepreneur but hasn t yet taken the leap to take the first steps towards realising her dreams as well as encouraging every woman who has not yet thought about running her own business to consider it Additionally it encourages governments and the corporate world to recognise and embrace the huge value that female entrepreneurs bring to society and the economy John Smythe and Ruth Saunders reveal the secrets of the success of fifty two female entrepreneurs They outline wisdom and insights to inspire budding entrepreneurs to take the leap and offer practical advice on what to think about when setting your business up for success as well as when considering whether to

scale They also provide top tips on how to play to women s inherent strengths and avoid the weaknesses women face as well as how to stay sane and enjoy the journey This practical unique guide provides the encouragement support and motivation any aspiring female entrepreneur could need to make those first steps towards the realisation of their ambitions John Smythe and Ruth Saunders are both entrepreneurs themselves and regularly advise start ups on how to launch and scale up for growth Journal of the American Association of University Women ,1917 *The Woman's World* Oscar Wilde,1888
