Nationalist Ferment:

The Nationalist Ferment Marie-Jeanne Rossignol,2004 This book was published in June 1994 by a French publisher and became the winner of the Organization of American Historians foreign language book prize The Nationalist Ferment contributes significantly to the renewal of early U S diplomatic history Since the 1980s a number of diplomatic historians have turned aside from traditional diplomatic issues and sources They have instead focused on gender ethnic relationships culture and the connections between foreign and domestic policy Rossignol argues that in the years 1789 1812 the new nation needed to assert its independence and autonomous character in the face of an unconvinced world After overcoming initial divisions caused by foreign policy Americans met this challenge by defining common foreign policy objectives and attitudes which both legitimized the United States abroad and reinforced national unity at home This book establishes the constant connections between domestic and international issues during the early national period Nationalist Ferment

Long Game Rush Doshi,2021 In *The Long Game* Rush Doshi demonstrates that China is in fact playing a long methodical game to replace America as a global hegemon Drawing from a rich base of Chinese primary sources including decades worth of party documents and memoirs by party leaders he traces the basic evolution of Chinese strategy showing how it evolved in response to changes in US policy and the US s position in the world order Current History ,1923 Rural Development in Asia United States. History Men T.C.A. Raghavan,2019-12-25 *History Men* is the story of the intersecting lives of three deeply committed historians Sir Jadunath Sarkar 1870 1958 who was an expert on the Mughal period G S Sardesai 1865 1959 whose works were on the Marathas and Raghbir Singh 1908 1991 who studied the Rajputs How the three became close friends and joint workers how they wrote about the great confrontations between the Mughals Rajputs and Marathas how their long association exposed continuing conflicts of interpretation and explanation and how together they illuminated a historical moment make for a story worth telling A narrative built from original research based on the correspondence and the

published and unpublished writings of the three scholars this is also a portrait of rich friendships of the minutiae of the lives of these historians and their fierce commitment to historical research as they addressed the significant questions of the age they lived in Anyone who is interested in the making of historical narratives will find *History Men* a compelling read
