The Capitalist Comeback Andrew Puzder, 2018-04-24 Andy Puzder the former CEO of Carl's Jr and Hardee's says that capitalism is not a dirty word and thankfully President Trump understands this his pro business policies will bring back economic growth and secure our future As a successful CEO in the restaurant industry Andy Puzder uniquely understands how important the profit motive is to our country's ultimate prosperity Furthermore as the grandson of immigrants the son of a car salesman and someone who worked his way up from earning minimum wage to running an international business he has a first hand view of how America's exceptional capitalist spirit can lift everyone to success In 2016 the American people faced a stark choice between two very different presidential candidates Hillary Clinton spent most of her adult life involved in politics and promised to uphold and advance the progressive legacy of President Barack Obama who had first won the White House on promises to spread the wealth around Donald Trump on the other hand came from the business world was an unapologetic capitalist used his own personal wealth as inspiration and promised simply to Make America Great Again By choosing Trump over Clinton the American people put a stop to decades of government expansion under progressive leadership and they might just have saved our economy by doing so America was once a land where everyone was encouraged to seek their fortune the more prosperous our citizens the more our whole society could in turn prosper But leftist forces in the United States have been seeking to tarnish the pursuit of prosperity and to paint profit as an evil motivation fit only for greedy plutocrats Andrew Puzder understands this first hand after a progressive smear campaign stopped him from joining President Trump's cabinet As Puzder explains in his new book *The Capitalist Comeback* this was an act of desperation from a left wing facing irrelevance with a pro business president in the White House From its roots in the Progressive Era to labor unions to education to entertainment to its political resurgence with avowed socialist candidates such as Bernie Sanders Puzder traces the development of the anti profit forces in the United States and shows how under President Trump they can be vanquished for good
