Marine Raiders:

Marine Raiders Carole Engle Avriett,2021-08-31 At the beginning of World War II the U S Marines set out to form the most ruthless skilled and effective fighters the world had ever seen a select group to conduct special operations at the highest level in the Pacific theater They were known as the Marine Raiders Marksmen brawlers and tacticians the Marine Raiders could accomplish their objective before the enemy even knew they were there Jacket *Once a Legend* Jon T. Hoffman,1994 The first biography of the man described as the personification of the great fighting tradition of our Corps

From Makin to Bougainville: Marine Raiders in the Pacific War Jon T. Hoffman,2022-06-02 The work is part of a memorial series paying tribute to the heroic US Marine during World War II Jon T Hoffman focuses on a noble commando unit of the Marines the Raiders and the brave deeds performed by them in the Pacific It s an enlightening and exciting narrative of the Marine Raiders relatively concise in nature a story of a small group of Marines ahead of their time The work also candidly looks at some of the early marine operations that were not that celebrated With adequate details this report maintains the reader s interest and keeps one wanting to know more The author has also included useful maps and pictures at critical points in the story With ample historical references on specific units actions it s a great general reference to the history of the Marine Raiders The author of this work Jon Hoffman retired as a colonel from the Marine Corps Reserve in 2008 after thirty years as an infantry officer and field historian including seventeen years of active duty Our Kind of War R. Hoffman,2013-12 In February 1942 Lieutenant General Thomas Holcomb the Commandant of the Marine Corps ordered the creation of a new unit designated the 1st Marine Raider Battalion This elite force and its three sister battalions went on to gain considerable fame for fighting prowess in World War II There is more to the story of these units however than a simple tale of combat heroics The inception growth and sudden end of the raiders reveals a great deal about the development and conduct of amphibious operations during the war and about the challenges the Corps faced in expanding from 19 000 men to nearly a half million The raiders also attracted more than their share of strong leaders The resulting combination of courage doctrine organization and personalities makes this one of the most interesting chapters in Marine Corps history This author examines the history of the Marine Raiders in the Pacific War
