*Excel Science Study Guide, Years 7-8* Nicholas Pefani, 2005  
United States. Federal Energy Regulatory Commission, 1985-07  
Marples, Molly Sherlock, 2010-05-11 Since early recorded history people have been harnessing the energy of the wind In the United States in the late 19th century settlers began using windmills to pump water for farms and ranches and later to generate electricity for homes and industry Industrialism led to a gradual decline in the use of windmills The steam engine replaced European water pumping windmills and in the 1930s the Rural Electrification Administration s programs brought inexpensive electric power to most rural areas in the United States However industrialization also sparked the development of larger windmills wind turbines to generate electricity
