Kingston, 1996-04      *Our Shared Sacred Space* Balu Athreya, 2019-11-11 In this age of technology instant communication and interstellar travel we have the technology to experience and share this living landscape Mother Earth who gives her sacred space to be shared by all The mind knows this But we have not yet developed the heart to do so This book is an attempt to excite some young minds to work toward that goal by bringing together ideas from science and spirituality and from the east and the west Science spirituality reason and faith are not incompatible They are different lenses to look at the macrocosm and the microcosm      The Sacred Center, an Exploration of Spiritual Space Moshe Benjamin Levi, 1994      *Sacred Space* Laura Vavra Russell, 1993      **The Co-creation of Sacred Space** William Beesley, 2002      **Sacred Space** Young Kim, 2016-02-08 I wrote this book to add to the incredible stories of people who have seen the other side of the veil I wanted to share in my own words some of the eternal knowings I gained Such as love does not arise from life but rather life arises out of love Love is the breath inside each and every one of us It makes us who we are We were molded out of love and came to Earth to experience what it is like to be human God created or rather BECAME the Universe to answer the question Who am I and to engage Himself in the ultimate theater or musical I wanted to share what I learned when I merged with Source and understood the reasons for everything including all of our sufferings and setbacks I understood the nature of the polarity of existence how you cannot understand joy without despair patience without frustration etc This world was created for our benefit so that we can grow our love and eventually return to the Creator I hope some will find my words peaceful and useful in their lives      *In a Sacred Space* Julia Swanson, 1988      **Experiencing Sacred Space** Cheryl K.
