Manuscript Sources Of Medieval Medicine

John B. Friedman, Jessica M. Wegmann

Manuscript Sources Of Medieval Medicine:

Manuscript Sources of Medieval Medicine Margaret R. Schleissner, 2014-05-01 In these new essays leading European and North American scholars of medieval medicine focus on manuscripts and their transmission and demonstrate how medievalists in all disciplines can profit by studying the primary medical sources rather than relying on the secondary literature It is only through the study of actual medical manuscripts that context and audience can be discussed adequately The lead essay by Bernard Schnell Prolegomena to a History of Medieval German Medical Literature The Twelfth Century clarifies methodological principles for this literary sociology and examines the current state of research in the study of manuscript transmission The remaining essays discuss either manuscripts by a single author or paradigmatic manuscripts within a single national tradition Until all the basic sources in medieval texts are uncovered and a survey is made this volume will stand as an overview of the field *Knowledge and the Scholarly Medical Traditions* Donald George Bates, 1995-11-02 However much the three great traditions of medicine Galenic Chinese and Ayurvedic differed from each other they had one thing in common scholarship The foundational knowledge of each could only be acquired by careful study under teachers relying on ancient texts Such medical knowledge is special operating as it does in the realm of the most fundamental human experiences health disease suffering birth and death and the credibility of healers is of crucial importance Because of this scholarly medical knowledge offers a rich field for the study of different cultural practices in the legitimation of knowledge generally The contributors to this volume are all specialists in the history or anthropology of these traditions and their essays range from historical investigations to studies of present day practices **Medieval Iconography** John B. Friedman, Jessica M. Wegmann, 2021-11-18 First published in 1998 the present volume aims to help the researcher locate visual motifs whether in medieval art or in literature and to understand how they function in yet other medieval literary or artistic works *A History of Medicine: Medieval medicine* Plinio Prioreschi, 1996 **Carolingian Medical Knowledge and Practice, c.775-900** Claire Burrige, 2024-07-15 Carolingian Medical Knowledge and Practice explores the practicality and applicability of the medical recipes recorded in early medieval manuscripts It takes an original dual approach to these overlooked and understudied texts by not only analysing their practical usability but by also re evaluating these writings in the light of osteological evidence Could those individuals with access to the manuscripts have used them in the context of therapy And would they have wanted to do so In asking these questions this book unpacks longstanding assumptions about the intended purposes of medical texts offering a new perspective on the relationship between medical knowledge and practice Anglo-Saxon Prognostics R. M. Liuzza, 2011 Medieval prognostic texts a survival from the classical world are the ancestors of modern almanacs a means of predicting future events they offer guidance on matters of everyday life such as illness childbirth weather agriculture and the interpretation of dreams This volume provides the first full critical edition with a facing page translation of a diverse and peculiar group of prognostic guides and calendars in Latin and Old English found

in an eleventh century manuscript from Christ Church Canterbury they are collated with related versions in both Anglo Saxon and continental manuscripts A lengthy introduction and commentary examine the transmission and translation of these texts and shed light on their origins and uses in late Anglo Saxon monastic culture Back cover

Living in a Carolingian World, 2025-12-18 Living in a Carolingian World invites you to look beyond kings bishops and court politics to explore the diverse historical experiences and conceptions of the Carolingian non elite Through case studies and new research this volume presents a range of Carolingian worlds that demonstrate the diversity of early medieval society From agricultural laborers to criminal priests from ideas about how the non elite understood weather magic to how they suffered from the abuses of Frankish officials and armed men this volume offers a fresh exploration of the Carolingian Empire Contributors are Alexandre Beaudet Marios Costambeys Simon Coupland Jan van Doren Valerie L Garver Kelly Gibson Eric J Goldberg Thomas A E Greene Laura A Hohman David Patterson Martha Rampton Carine van Rhijn Elina Screen Rachel Stone and Josh Timmermann

Journal of the Early Book Society for the Study of Manuscripts and Printing History Early Book Society, 1999

An Introduction to the history of medicine Fielding Hudson Garrison, 1913

International Medieval Bibliography, 1996

Manuscript Sources for the History of Irish Civilisation National Library of Ireland, 1965

Sex, Aging, & Death in a Medieval Medical Compendium Mary Teresa Tavormina, 2006

English Manuscript Studies, 1100-1700 Peter Beal, Jeremy Griffiths, 1989

Regional Manuscripts, 1200-1700 Anthony Stockwell Garfield Edwards, 2008

This volume is published to mark the 500th anniversary of Henry VIII's accession It contains articles which examine a broad range of Tudor manuscripts produced between 1485 and 1603 These include examinations of various forms of regional manuscript production including those written in northern England and in Scotland Essays consider some of the different kinds of manuscripts written in London during this period some of them of complex and unusual kinds Additionally specific figures or genres are studied of Thomas Wyatt's poetical manuscripts and the circulations of romances Jacket

Medievalia Et Humanistica, 1955

Sources for the History of Medicine in Late Medieval England Carole Rawcliffe, 1996-05-01 The material contained here derives from a wide variety of printed and manuscript sources chosen to give some idea of the rich diversity of evidence available to the historian of English medicine and its place in society during the fourteenth fifteenth and early sixteenth centuries Latin and French have been translated into modern English while vernacular texts have been slightly modified and obsolete or difficult words explained Middle English has otherwise been retained to give the past an authentic voice and to emphasize the similarities as well as the differences between the experience of modern readers and that of the inhabitants of late medieval England

Monastic Spaces and Their Meanings Megan Cassidy-Welch, 2001 The author focuses on the Cistercian abbeys of northern England during the period 1132-1400 and supplies a microhistory of cultural textual personnel and architectural comparisons

The Past and Future of Medieval Studies John Van Engen, John H. Van Engen, 1994

Medieval Medicine in Illuminated Manuscripts Peter Murray

Jones,1998 Drawing on the wealth of medical illustration to be found in medieval manuscripts the author traces the history of medieval medicine the artistic traditions which shaped its depiction and beliefs of both medical and artistic practitioners

Manuscripta ,2003 Issues for Feb 1957 July 1959 include a Checklist of the Vatican manuscript codices available for consultation at the Knights of Columbus Vatican Film Library at St Louis University pts 1 8
