Islamic Books by Ibn Taymiyyah Maqdisi and Abdullah Azzam Ibn Taymiyyah, *Beware of False Religions & Pagan Traditions Part 3* Helene Fulton,2015-01-11 There are only two roads one leads to heaven and one leads to hell This is a spiritual fact without change or compromise there is no middle road and no chance to sit on the fence There are numerous false religions operating in the world today falsely broadcasting themselves as truth or as God s truth for that matter These religions may on the contrary be the foundation of lifelong poverty family breakdown mental derangement physical illness or varying manifestations of bizarre behavior in the lives of people These individuals have either turned their back on the true God completely or by their actions have allowed some of these pagan and false religious practises to creep into there every day lives By clinging to these pagan traditions we inadvertently give Satan a foothold in our lives In these books these false religions have been measured up against the word wisdom and knowledge of God The word of God says that His word is like fire and is a hammer that breaks rocks into pieces

The Essence of Humanity Moritz Bilagher,2024-12-21 Even in a time when voices from both the natural and social sciences seem to have made some of the main tenets from religion seem implausible religions remain a strong force across the world Sometimes and even often not always a force for good Is it possible that regarding religion the voices that argued that religious belief is an illusion or even a delusion were wrong all along Is it possible that there exists a rational basis for religious thought that makes it possible to assess specific tenets that originate in religions That is the basic idea of this text In this important new book the author develops an original new theory on the origin of religious thought from the perspective of psychoanalysis thereby seeking to explain its very nature and to read sacred texts in light of these insights with a view to ultimately unveil their esoteric i e hidden meanings
