One Law, One Nation Lauren Segal, Sharon Cort, 2011 Charts the story of the long fight for constitutional rights in South Africa and the obstacles and complexity the lay behind the constitution making process after 1990 Uses archival photographic and interview material to provide a popular account of the development of the constitution and the role of the Constitutional Court

**Nonbeliever Nation** David Niose, 2012-07-17 A new group of Americans is challenging the reign of the Religious Right Today nearly one in five Americans are nonbelievers a rapidly growing group at a time when traditional Christian churches are dwindling in numbers and they are flexing their muscles like never before Yet we still see almost none of them openly serving in elected office while Mitt Romney Rick Santorum and many others continue to loudly proclaim the myth of America as a Christian nation In *Nonbeliever Nation* leading secular advocate David Niose explores what this new force in politics means for the unchallenged dominance of the Religious Right Hitting on all the hot button issues that divide the country from gay marriage to education policy to contentious church state battles he shows how this movement is gaining traction and fighting for its rights Now Secular Americans a group comprised not just of atheists and agnostics but lapsed Catholics secular Jews and millions of others who have walked away from religion are mobilizing and forming groups all over the country even atheist clubs in Bible belt high schools to challenge the exaltation of religion in American politics and public life This is a timely and important look at how growing numbers of nonbelievers disenchanted at how far America has wandered from its secular roots are emerging to fight for equality and rational public policy

Alland, 2006-12-25 This book deals with the culture of Catalan resistance to assimilation through the maintenance of the Catalan language as an expression of identity This book argues that the Catalans also developed a series of cultural mechanisms to foster identity through intellectual and recreational pursuits as well as through an emphasis on language

*Remaking One Nation* Nick Timothy, 2020-03-23 In these divided and divisive times what is the future course for our politics In this ground breaking book Nick Timothy one of Britain s leading conservative thinkers and commentators explores the powerful forces driving great changes in our economy society and democracy Drawing on his experience at the top of government Timothy traces the crisis of Western democracy back to both the mistaken assumptions of philosophical liberalism and the rise of ideological ultra liberalism on left right and centre Sparing no sacred cows he proposes a new kind of conservatism that respects personal freedom but also demands solidarity He argues that only by rediscovering a unifying sense of the common good and restoring a mutual web of responsibilities between all citizens and institutions can we reject the extremes of economic and cultural liberalism overcome our divisions and remake one nation He goes on to outline an ambitious practical plan for change covering issues ranging from immigration to the regulation of Big Tech Nick Timothy s original forensic and thought provoking analysis is a must read for anybody tired by the old dogmas of the liberal left right and centre It is a major contribution to the debate on the future of conservatism as it grapples with geopolitical shifts
