**A Map Back to You** Mira Lorne,2025-10-13 What happens when love no longer means staying but remembering When distance doesn't divide but teaches us how to return to ourselves In A Map Back to You poet Mira Lorne traces the fragile cartography of love from first light to final silence from belonging to becoming Through tender luminous verse she explores how connection changes us how distance reshapes us and how even loss can lead us home These poems are not about heartbreak in its sharpest form but about what lingers afterward the fragments the echoes the small mercies we carry forward Each page is a quiet reckoning with what we kept what we left behind and the ways we learn to love again through memory Divided into eight movements A Map Back to You unfolds as both journey and reflection an emotional atlas of discovery loss healing and return Mira Lorne writes with grace and honesty her language spare yet rich her voice both intimate and universal This is a book for anyone who has ever loved deeply and lost quietly For those who still trace the outlines of what was yet sense the horizon of what might be Because sometimes the map we spend our lives following the one we think leads back to someone else is really the path that leads us home

**Cartographic Poetry** Ted Binnema,François Lanoë,Heinz W. Pyszczyk,2025-10-06 Poetry is language condensed Blackfoot cartography is landscape distilled Cartographic Poetry is the first book length multidisciplinary study of five maps drawn in 1801 and 1802 by several Blackfoot and Gros Ventre people for the Hudson's Bay Company Representing some of the oldest documents created by Indigenous people on the North American prairies and foothills these maps preserve invaluable evidence about places on the landscape and about historic Blackfoot views of their territories The maps were intended as navigational tools but the landforms and locations on the maps hold significance for the Blackfoot well beyond wayfinding and have for many centuries Exploring their content and utility from historical linguistic and archaeological perspectives Ted Binnema Fran ois Lano and Heinz W Pyszczyk analyze the maps their place names and features and the tours and trips they may have supported along with providing present day photographs of many of the maps landforms A final section of the book outlines how Indigenous maps contributed significantly to Western geographical knowledge and maps of North America from the 1500s onward Cartographic Poetry will appeal to anthropologists archaeologists geographers historians cartographers and to all readers interested in how Indigenous peoples perceived and navigated their territories in this early period of colonial encounter With a Foreword by Jerry Potts Jr and an Afterword by Dr Eldon Yellowhorn

Lecky, 2019-04-17 Katarzyna Lecky explores how early modern British poets paid by the state adapted inclusive modes of nationhood charted by inexpensive small format maps She explores chapbooks cheapbooks by Edmund Spenser Samuel Daniel Ben Jonson William Davenant and John Milton alongside the portable cartography circulating in the same retail print industry Domestic pocket maps were designed for heavy use by a broad readership that included those on the fringes of literacy The era s de facto laureates all banked their success as writers appealing to this burgeoning market share by drawing the nation as the property of the commonwealth rather than the Crown This book investigates the accessible world of small format cartography as it emerges in the texts of the poets raised in the expansive public sphere in which pocket maps flourished It works at the intersections of space place and national identity to reveal the geographical imaginary shaping the flourishing business of cheap print Its placement of poetic economies within mainstream systems of trade also demonstrates how cartography and poetry worked together to mobilize average consumers as political agents This everyday form of geographic poesis was also a strong platform for poets writing for monarchs and magistrates when their visions of the nation ran counter to the interests of the government
