Category Management in Purchasing equips those working in procurement with the tools they need to ensure effective procurement in an ever changing landscape Combining practical advice and theory this essential resource is crucial for developing successful purchasing strategies Covering new technology driven approaches to category management this new edition outlines digital transformations and technological advancements from digital sourcing platforms to new tools and systems This edition also provides readers with the knowledge to approach complex sourcing situations not only effectively but also sustainably Including new guidance on how organizations and businesses can implement sustainability into their procurement strategies Jonathan O'Brien recontextualizes category management in a time when responsible sourcing is more important than ever This highly regarded and essential text provides what everyone in procurement needs when striving to make category management a reality

Active Pharmaceutical Ingredients Stanley Nusim, 2016-04-19 To successfully bring an Active Pharmaceutical Ingredient API to market many steps must be followed to ensure compliance with governmental regulations This book is an unparalleled guide to the development manufacturing and regulation of the preparation and use of APIs globally This second edition brings readers up to date with the quality control regulations for APIs that have been added or amended since the first edition These updates help ensure that pharmaceutical professionals and drug manufacturers meet the established and required guidelines set forth by the US and international regulatory industries

Distribution David F. Ross, 2012-12-06 It has been said that every generation of historians seeks to rewrite what a previous generation had established as the standard interpretations of the motives and circumstances shaping the fabric of historical events It is not that the facts of history have changed No one will dispute that the battle of Waterloo occurred on June 11 1815 or that the allied invasion of Europe began on June 6 1944 What each new age of historians are attempting to do is to reinterpret the motives of men and the force of circumstance impacting the direction of past events based on the factual social intellectual and cultural milieu of their own generation By examining the facts of history from a new perspective today's historians hope to reveal some new truth that will not only illuminate the course of history but also validate contemporary values and societal ideals

Although it is true that tackling the task of developing a new text on logistics and distribution channel management focuses less on schools of philosophical and social analysis and more on the calculus of managing sales campaigns inventory replenishment and income statements the goal of the management scientist like the historian is to merge the facts and figures of the discipline with today's organizational cultural and economic realities Hopefully the result will be a new synthesis where a whole new perspective will break forth exposing new directions and
