## Safe Sex In The Age Of Aids:

*Safe Sex in the Age of AIDS*, 1986      *What is Safe Sex in the Age of AIDS?* Curtis Cost, 1991      *Safe Sex in the Age of AIDS*, 1986      *Safe Sex in the Age of Aids* Earvin "Magic" Johnson, Jr., 1992-04-08 Magic Johnson gives a clear honest and exact message about the HIV virus and offers advice on how to deal with and avoid AIDS      **The Social Context of Sexual Risk Taking and HIV Prevention in a Cohort of Heterosexuals** Lisa Dorothy Moore, 1993      *Safe Sex* Miliakere Kaitani, 2000      **Gay and Lesbian Library Service** Cal Gough, Ellen Greenblatt, 1990 Comprises 16 main chapters on topics that include key issues in collection development bibliographic control censorship and AIDS information Includes a library service bibliography and 16 appendices among them core collection filmography discography list of famous gays evaluating YA material bibliography of AIDS bibliographies and ALA policy documents Annotation copyrighted by Book News Inc Portland OR      *AIDS in Maine* Maine. Dept. of Human Services, 1990      *HIV Prevention in Native American Communities*, 1992      *AIDS Patient Care*, 1987      **Stages of Agency** Astrid Haas, 2011 Stages of Agency is the first monograph to analyze the contributions of American stage drama to the discourse on AIDS in the United States from the mid 1980s through the late 1990s This discourse provides a telling example of how the arts can become agents in socio political debates As the study shows theater and drama played a unique role in educating the American public about AIDS offering support for the sick and the grieving and intervening in the mainstream societal perceptions and representations of the epidemic Taking some of the best known American AIDS plays as exemplary case studies Stages of Agency maps the diachronic development of this body of work in its increasing thematic formal and identity political heterogeneity The study analyzes the strategies these plays employed to blend art with activism in order to establish a counter discourse to the mainstream public debate about AIDS and provide social agency to the affected populations      *The 1980s* Kimberly R. Moffitt, Duncan A. Campbell, 2011 As we approach twenty years since the end of the 1980s we have the opportunity to see the decade in perspective and are in a position to question the glib assumption that the 1980s were a mere conservative foil to the 1960s The 1980s A Critical and Transitional Decade edited by Kimberly R Moffitt and Duncan A Campbell places its topics within the context of a decade described as both critical and transitional because the 1980s in many respects marked the end of one era and the beginning of another For example the Reagan presidency the end of the Cold War MTV and the appearance of the personal computer all reflect a legacy of political cultural and social transformation of the United States and the world and took place specifically within the 1980s The function of this interdisciplinary volume is not to simply highlight the significant phenomena of the period but rather demonstrate how so many apparently disparate events were in fact closely inter related and also products of their age The 1980s is a holistic analysis of the decade that focuses on major turning points developments in literature art entertainment politics and social experimentation The 1980s A Critical and Transitional Decade edited by Kimberly R Moffitt and Duncan A Campbell is a groundbreaking and stand alone introductory volume that

is unapologetically interdisciplinary in nature and encourages students to explore topics of the decade often overlooked or grouped together with other more memorable decades such as the 1920s or 1960s

**The Dutch Response To HIV** Theo Sandfort, 2002-09-11 The Netherlands response to AIDS is widely regarded as well organized and effective This is largely due to the timely response to the threat of the disease with a prevention programme starting in 1982 This Dutch example provides an instructive case study for other countries with relevance for policy makers now and in the future The book documents and discusses Dutch prevention policy most specifically the prevention policies and activities for various target groups the focus on prevention research and studies on sexuality and health behaviour and the emphasis on individual responsibility

Inventing AIDS Cindy Patton, 1990 This book assesses the AIDS service industry that has emerged since the mid 1980 s Informed by deconstruction and current critical theory Patton analyzes the discourses of AIDS and how they shape control and delay public policy that determines health strategies dealing with the epidemic The book includes a committed and passionate critique of the use of scientific knowledge in the face of what is a predominant cultural metaphor of the late 20th century
