Salamander Dream:

Salamander Dream Hope Larson, 2005 The story of a young girl's journey within a magical forest and her friendship with Salamander

Girls and Their Comics Jacqueline Danziger-Russell, 2013 In America comics and comic books have often been associated with adolescent male fantasy muscle bound superheroes and scantily clad women Nonetheless comics have also been read and enjoyed by girls While there have been many strong representations of women throughout their history the comics of today have evolved and matured becoming a potent medium in which to explore the female experience particularly that of girlhood and adolescence In Girls and Their Comics Finding a Female Voice in Comic Book Narrative Jacqueline Danziger Russell contends that comics have a unique place in the representation of female characters She discusses the overall history of the comic book paying special attention to girls comics showing how such works relate to a female point of view While examining the concept of visual literacy Danziger Russell asserts that comics are an excellent space in which the marginalized voices of girls may be expressed This volume also includes a chapter on manga Japanese comics which explains the genesis of girls comics in Japan and their popularity with girls in the United States Including interviews with librarians comic creators and girls who read comics and manga Girls and Their Comics is an important examination of the growing interest in comic books among young females and will appeal to a wide audience including literary theorists teachers librarians popular culture and women's studies scholars and comic book historians

Reading Comics Douglas Wolk, 2008-07-31 Suddenly comics are everywhere a newly matured art form filling bookshelves with brilliant innovative work and shaping the ideas and images of the rest of contemporary culture In Reading Comics critic Douglas Wolk shows us why this is and how it came to be Wolk illuminates the most dazzling creators of modern comics from Alan Moore to Alison Bechdel to Dave Sim to Chris Ware and introduces a critical theory that explains where each fits into the pantheon of art Reading Comics is accessible to the hardcore fan and the curious newcomer it is the first book for people who want to know not just what comics are worth reading but also the ways to think and talk and argue about them

When Pleasing Others Is Hurting You David Hawkins, 2010-07-01 You want to do the right thing to take care of your family to be a good employee to be there for your friends And you're good at it Everyone knows they can depend on you so they do But are you really doing what's best for them And what about you are you growing Are you happy and relaxed Are you excited about your gifts and your calling or do you sometimes think I don't even know what I want anymore Find out why you have trouble saying no Learn why you feel accepted only when you are producing And finally experience the deep joy and peace that come with serving other people out of your abundance not out of your need

People of the Owl Kathleen O'Neal Gear, W. Michael Gear, 2003-06 Recounts the story of the trading empire of Poverty Port Louisiana of 3500 years ago during which warrior and shaman Salamander experiences a vision that shapes the destiny of his people
