this book was posed by Salo Wittmayer Baron then a young Jewish historian in his 1928 essay Ghetto and Emancipation In it he challenged what he called the lachrymose conception of Jewish history in which the Jewish Middle Ages were all evil and Jewish post Emancipation was all good In asserting that medieval Jews possessed more rights than the great bulk of the population and enjoyed full internal autonomy in the corporatist order of medieval civilization he also found much to criticize in the loss of communal autonomy and the recasting of Judaism into a narrow confessional mold in the wake of the Enlightenment In other words how can a group seeking to preserve a measure of collective identity survive within a liberal society that values individual rights and obligations above all else This became the basis for a conference in 1995 at the University of Scranton attended by a distinguished roster of scholars on various fields of Jewish studies from across the United States
