## **Saltmarsh Murders:**

**The Saltmarsh Murders** Gladys Mitchell, 2010 Noel Wells curate in the sleepy village of Saltmarsh likes to spend his time dancing in the study with the vicar's niece until one day the vicar's unpleasant wife discovers her unmarried housemaid is pregnant and trouble begins. It is left to Noel to call for the help of sometimes detective and full-time Freudian Mrs Bradley who sets out on an unnervingly unorthodox investigation into the mysterious pregnancy and investigation that also takes in smuggling the village lunatic a missing corpse a public pillory an exhumation and of course a murderer. Mrs Bradley is easily one of the most memorable personalities in crime fiction and in this classic whodunnit she proves that some English villages can be murderously peaceful.

**Guilty But Insane** Samantha Walton, 2015 *Guilty But Insane* takes an historical approach to golden age detective fiction by Margery Allingham Christianna Brand Agatha Christie Dorothy L Sayers and Gladys Mitchell. It examines how writers and readers of detective fiction during the 1920s to 1940s understood guilt responsibility and the workings of the mind as they related to the commission the investigation and the punishment of crime. Under the lens of psychology the detective novel is revealed as a site for the negotiation of competing interpretations of sanity and insanity. An unexplored depth and subtlety is revealed in detective novels that address major controversies in legal and psychiatric theory and practice while significant resonances with specific concerns of modernist fiction come into focus for the first time. During the interwar years proponents of competing psychological schools challenged legal concepts of responsibility and free will. In response golden age writers began to reflect on the genre's promise to accomplish true and just solutions in a social order in which the relationship between law and justice was being problematized on several fronts. By making connections between high modernism and popular culture and by tracing the impact of psychological discourses across a range of different cultural outputs this book makes a persuasive case for reading detective fiction historically. It aims to demonstrate the richness of these texts and their value for scholarship not only as historical documents or residues of discourse but as literary texts which challenge subvert toy with and test the prevailing values and prejudices of interwar Britain.

*City and Shore* Gillian Mary Hanson, 2004-06-02 Certain settings have long been a common element in British mystery and detective fiction: the quaint village the country manor the seaside resort the streets of London. More than simply providing background physical setting in particular the city of London and the British seashore takes on an added dimension in a sense becoming a player in the mysteries one that symbolizes intensifies and illuminates aspects of the British mystery novel. The first section examines 18 British mystery novels set in the city of London the second covers 15 novels set by the sea. The novels span the twentieth century among the authors whose works are included are Agatha Christie Graham Greene G K Chesterton and P D James. The book includes a short biography and listing of primary works for the authors covered and appendices offer suggested fiction utilizing the two settings and critical nonfiction covering the genre.
