

School Consultation

Daniel S. Newman, Sylvia A. Rosenfield

School Consultation:

Entry Strategies for School Consultation Edward S. Marks, 1995-03-17 Using a holistic approach to take intervention from an individual to a systemic level this book focuses on the front line practical issues faced by the consultant attempting to gain entry into a school Opening with a review of consultation and its purposes this unusually practical volume describes in detail how to Define consultant functions Make decisions about where to enter the system Build support among key school system staff who are in a position to facilitate initial entry Garner information on the school s lines of authority communication networks missions values goals and traditions Determine how practical the project is to the school Ascertain whether financial personnel and other resources are available so the project can work Chapters also cover logistical planning especially the day to day steps needed to facilitate consultation including time management utilization of existing school resources sources of information and practical ways to turn obstacles into assets A comprehensive guide to entering the school system as a consultant the book comes complete with prototype forms questionnaires for examining consultant competency and rating sheets for tracking the consultation process Veteran consultants and newcomers will find this book an invaluable resource for gaining initial entry and also for expanding the consultant s role within the system **School**

Consultation William P. Erchul, Brian K. Martens, 2010-08-12 Since its emergence during the 1960s school consultation has become an important vehicle for delivering psychological and educational services Cooperative efforts between skilled consultants and teachers rooted in the principles of problem solving social influence and professional development enhance student learning and adjustment while encouraging consultees to be more effective and proactive in their practice The Third Edition of *School Consultation Conceptual and Empirical Bases of Practice* shows in expert detail how this relationship works by synthesizing mental health and behavioral models of consultation with the most effective evidence based practices e g implementation support response to intervention informing the field today The authors provide real world contexts for all participants in the equation consultants teachers students staff and the school itself and thoroughly review consultation processes and outcomes for a contemporary practice oriented approach suited to the new consultant trainee or researcher Key features of the Third Edition include An integrated mental health behavioral model for school consultation An organizational study of the school as a setting for consultation Assessment issues and strategies particularly relevant to school consultation Approaches to providing teachers with implementation support Conceptual models for selecting academic and behavioral interventions Administrative perspectives on school consultation A real transcribed case study analyzed by the authors In the tradition of its predecessors *School Consultation Third Edition* is a confidence building tool for practitioners in school psychology clinical child psychology educational specialties school counseling special education and school social work as well as a trusted reference for researchers in these fields *Building Competence in School*

Consultation Daniel S. Newman, Sylvia A. Rosenfield, 2018-07-27 School psychologists consistently indicate that consultation

is a crucial component of their duties but that they lack sufficient opportunities to develop their corresponding knowledge skills and confidence during graduate training Building Competence in School Consultation directly addresses the need for practical comprehensive consultation training including support materials for school psychologists counselors and other professionals working in schools Drawing from evidence based approaches as well as experienced instructors real world toolkits these essential perspectives and activities approach the standard and less common challenges of the school consultant role Written by two leading experts in consultation this book brings school psychology research directly to graduate students and both novice and experienced practitioners providing invaluable context reflection activities videos from fellow consultation experts and resources that translate academic findings into skills ready for immediate use

School Consultation for Student Success Jeffrey M. Warren, 2017-12-28 Featuring an evidence based cognitive behavioral framework for delivering collaborative consultation in K 12 schools this new book promotes the idea of equitable educational opportunities for all students Strategies for promoting non cognitive skills in students career and college readiness and optimal learning environments along with the general theories of consultation are presented This book advocates for student support services personnel to work in concert with teachers parents and administrators to promote student success and social justice Key Features Offers an evidence based model for school consultation that focuses on supporting student success in academic social emotional and college career readiness domains Demonstrates how to apply effective rational emotive social behavioral RE SB consultation when working with teachers parents and administrators to maximize student success for all Transcripts of consultation sessions with teachers parents and administrators provide examples of what it is like to work in the field Advocates for collaborative data driven efforts among student support services professionals Reviews the history roles and practices of school counselors school psychologists and school social workers Presents the SUCCESS FOR ALL model which helps school consultants devise intentional solutions that advance social justice and meet the instructional needs of all students Chapter introductions learning objectives cases summaries review questions and suggested readings guide the reader through each chapter Intended for graduate courses on school consultation or counseling school interventions or for use in field placement courses practicums or internships taught in school psychology school counseling or social work this book is ideal for current and future practitioners who aim to promote student success through evidence based consultation

Becoming a School Consultant Sylvia Rosenfield, 2012-05-22 Most consultation courses in school psychology focus heavily on theoretical models of consultation and associated intervention procedures Little time is devoted to developing communication and process skills Yet these process skills are key to properly identifying student problems and selecting appropriate interventions Without skillfully conducted consultations implementation and evaluation of an intervention can be minimal This book is designed to help students develop the process skills needed to become effective school consultants in consultee centered consultation with special emphasis on the instructional

consultation model The authors address specific skills and issues faced by novice consultants and documents how they worked through particular issues that are likely to occur in school consultation practice *An Introduction to Consultee-Centered Consultation in the Schools* Jonathan H. Sandoval,2013-12-04 Drawing on historical writings about mental health consultation and on contemporary research and theory Jonathan Sandoval lucidly explains the consultee centered approach to consultation The book provides an expert foundation on which to build a training program for future school based consultants Written for graduate students in school psychology counseling psychology special education and social work this book is an invaluable resource for mental health professionals working in schools who wish to upgrade their professional skills and grow as reflective practitioners Individual chapters describe different stages in the consultation process outline the processes characterized in each stage detail useful consultant skills review pertinent research discuss the ethical principles underlying practice and suggest self monitoring questions for student consultants Featuring a step by step developmental model of the consultee centered consultation process this book encourages consultants to prioritize those characteristics that contribute to a consultee s work difficulty in addition to assessing the client more generally By detailing this unique approach this concise volume provides an applicable contextualized and strategic form of consultation and fosters a professional to professional relationship distinguishable from supervision counseling therapy coaching or other methods

Handbook of Research in School Consultation William P Erchul,Susan M Sheridan,2014-06-11 The field of school consultation which is centered principally in school psychology and cuts across related disciplines such as special education and school counseling has never had a comprehensive volume that examines its research perspectives and methodologies its models of practice and its future research directions That is the mission of this Handbook It provides both producers and consumers of school consultation with an invaluable snapshot of its current boundaries and rapidly growing content Key features of this outstanding new book include the following research oriented whereas many books dealing with school consultation practice have appeared over the last decade none has attempted to provide a comprehensive review of research findings and methods supporting its growing body of evidence based practice author expertise chapter authors are well known for their contributions to the school consultation research literature and collectively are recognized for their ability to translate scientific findings into implications for practice commentary chapters commentary chapters written by leading scholars provide integrative critiques of the book s three major sections This book is intended for researchers graduate students and practitioners in school psychology and related human service disciplines including special education counselor education counseling psychology and school social work **School Consultation** Jane Close Conoley,Collie Wyatt Conoley,1992 Like the well received first edition this thoroughly revised volume presents a practical guide to consultation in schools including the various approaches such as behavioral and advocacy implementation issues skills obstacles to practice transcripts and ethical issues Collaborative Consultation in the Schools Thomas J. Kampwirth,2003 The third of edition of

Collaborative Consultation in the Schools Effective Practices for Students with Learning and Behavior Problems presents the consultation as a collaborative problem solving endeavor This comprehensive yet reader friendly book is designed to assist teachers and practitioners in working with students who have or are at risk for school adjustment or learning problems This comprehensive book offers In depth case studies about a student with behavior problems a student with learning problems and a collaborative vignette showing the systems change process Multiple interventions and strategies are woven throughout the book to emphasize the effective practices used in today s schools Numerous forms charts and activities are provided as suggestions and problem solving information For general education teachers special education teachers educational administrators and school counselors

School Counselor Consultation Greg Brigman, Fran Mullis, Linda D. Webb, JoAnna F. White, 2004-12-13 Proven practice tools and techniques for effective school consultations Consultation gives school counselors numerous advantages over individual or small group counseling Chief among them is the far greater amount of children and adolescents one counselor can reach by creating a more responsive school environment consisting of teachers parents and others who can make decisions that children cannot the counselor can positively affect all students who pass through that environment However making consultation effective requires a high level of knowledge and skill

School Counselor Consultation Skills for Working Effectively with Parents Teachers and Other School Personnel represents the most comprehensive resource available for understanding the entire consultation process Unlike other consultation books that focus on theory School Counselor Consultation emphasizes proven practice techniques These include What to say to parents and teachers about referring students to the school counselor What to ask teachers to assist in formulating successful interventions How to make the most of parent conferences How to plan for execute and follow up on consultation sessions A five step approach to conducting an individual consultation How to plan and present psychoeducational workshops to parents and teachers This hands on resource also features many forms and checklists including consultation record forms a sample agenda surveys and a crisis management plan that you can use in practice In addition four appendices cover Adlerian theory the American School Counselor Association and American Counseling Association Codes of Ethics and how to best use this book to build consultation skills Consultation offers one of the most time effective and beneficial services a school counselor can provide A valuable resource for both students and practicing counselors School Counselor Consultation is the most complete and up to date guide to the challenging yet highly rewarding consultation process

Building Competence in School Consultation Daniel S. Newman, Sylvia A. Rosenfield, 2024-01-22 Building Competence in School Consultation Second Edition directly addresses the need for practical comprehensive consultation training including support materials for school psychologists counselors and other professionals working in schools School psychologists consistently indicate that consultation is a crucial component of their duties but that they lack sufficient opportunities to develop their corresponding knowledge skills and confidence during graduate training Drawing from evidence based approaches as well as experienced

instructors real world toolkits these essential perspectives and activities approach the standard and less common challenges of the school consultant role Written by two leading experts in consultation this book brings school psychology research directly to graduate students and both novice and experienced practitioners providing invaluable context reflection activities videos from fellow consultation experts and resources that translate academic findings into skills ready for immediate use This revised and expanded second edition includes two new chapters one on collaboration and consultation on teams and another on teleconsultation along with thoroughly updated content related to socially just and culturally responsive consultation practices refreshed practice materials including rubrics and videos references to newly published research and the latest professional standards and updated activities for readers all of which are freely downloadable
