**Practical Mental Influence** William Atkinson, 2017-05-11 Just Click on the Srinivasan Jiyo Above for More Books for Your Collection Your Thoughts Have Powers Beyond Your Imagination William Walker Atkinson talks about the different feelings we get at different places and he says these feelings are the result of influence mental influence we get from the vibrations that are stored in these places Now this and many topics in the book are simply unbelievable to a man or woman with a closed mind But the essence of the book is that thought messages can be sent and received by two or more persons So he says that we can influence others through our thoughts and vice versa One good lady used it for a good cause She was insulted by her relative Instead of responding in kind she used the methods from this book She said from her mind to her relative to paraphrase her You cannot insult me anymore and I tell you whatever you say or do to insult me will only make matters worse for you Now you are going to stop all those comments directed at me The person immediately stopped the comments And that person never insulted her again This is an instance of using the methods from this book for a good

purpose because using it for evil deeds could make it happen as well but it may also prove to be destructive eventually Be warned only use them for good

Some Insights From the Book 1 There are two general forms of the direct use of Mental Influence which although somewhat resembling each other may still be separated into two classes The first we shall call Fascination and the second Hypnotism By Fascination we mean the manifestation of Mental Influence when the two persons are together without passes or the usual hypnotic methods By Hypnotism we mean the uses of the power also when the two parties are together but accompanied by passes or hypnotic methods

2 Some masters of this art of influencing the public create a mental picture of themselves sending out great volumes of Thought Waves for a time and then afterward mentally imparting a rotary motion to the waves until at last they form a mental whirlpool rushing round and round and always sucking in toward the centre An effort of this kind acts on the mental plane just as a physical whirlpool acts on the physical plane that is it draws into Us power all that comes in contact with its force

3 With this consciousness held in mind your mental command to another Let me alone I cast off your influence by the power of my Spirit will act so strongly that you will be able to actually see the effect at once If the other person be stubborn and determined to influence you by words of suggestion coaxing threatening or similar methods look him or her straight in the eyes saying mentally I defy you my inner power casts off your influence Try this the next time that any one attempts to influence you either verbally or by Thought Waves and see how strong and positive you will feel and how the efforts of the other person will fail This sounds simple but the little secret is worth thousands of dollars to every individual who will put it into practice

*Practical Mental Influence and Mental Fascination* William Walker Atkinson, 196?      **Practicing mental influence** William Walker Atkinson, 2018-10-19 Students of history find a continuous chain of reference to the mysterious influence of one human mind over that of others In the earliest records traditions and legends may be found giving reference to the general belief that it was possible for an individual to exert some weird uncanny power over the minds of other persons which would influence the latter for good or evil And more than this the student will find an accompanying belief that certain individuals are possessed of some mental power which bends even things and circumstances to its might Way back in the dim past of man s history on this planet this belief existed and it has steadily persisted in spite of the strenuous opposition of material science even unto the present day      **Practical Mental Influence; a Course of Lessons on Mental Vibrations, Psychic Influence, Personal Magnetism, Fascination, Psychic Self-Protection, Etc** Anonymous, 2013-09 This historic book may have numerous typos and missing text Purchasers can usually download a free scanned copy of the original book without typos from the publisher Not indexed Not illustrated 1908 edition Excerpt CHAPTER VII HYPNOTIC INFLUENCE A S we have mentioned in the previous lesson 11 I there s a general resemblance between the I manifestation of Mental

Influence known as Fascination and that known as Hypnotic Influence In the manifestation known as Fascination the influence is exerted solely by ThoughtWaves passing from mind to mind without a physical medium or channel other than the ether In Hypnotic Influence on the contrary the influence is heightened by means of passes strokings or eye influence In Hypnotic Influence the mind of the person affected whom we shall call the subject is rendered passive by a flow of mental energy calculated to render it more or less drowsy or sleepy and therefore less calculated to set up powers of resistance to the Thought Waves of the person using the influence But the power employed is the same in all cases no matter whether they fall under the classification of Fascination or whether that of Hypnotic Influence The two classes of manifestation as a matter of fact really blend into each other and it is difficult to draw a dividing line in some cases Hypnotic Influence is a form of that which was formerly termed Mesmerism which name was given to it in honor of its discoverer Frederick Anton Mesmer who practiced this form of Mental Influence during the latter half of the Eighteenth Century As a fact however the force and its use was known to the ancients centuries before Mesmer s time the latter person having merely re discovered it Mesmer taught that the power was based upon the presence of a strange universal fluid which pervaded everything and which had a peculiar effect upon the nerves and brains of people He and his followers believed that it was necessary to put
