**Shari'a and Muslim Minorities** Uriya Shavit, 2015-11-12 Based on a comparative analysis of several hundred religious juristic treatises and fatwas religious decisions Shari'a and Muslim Minorities The Wasati and Salafi Approaches to Fiqh al Aqalliyat al Muslima offers the most systematic and comprehensive study to date of fiqh al aqalliyat al Muslima the field in Islamic jurisprudence that treats issues that are unique to Muslims living in majority non Muslim societies The book argues that two main contesting approaches to fiqh al aqalliyat al Muslima the wasati and the salafi have developed in part dialectically While both envision a future Islamizing of the West as a main justification for Muslim residence in the West the wasati approach is pragmatic facilitating and integration minded whereas the salafi calls for strict application of religious norms and for introversion The volume examines diverse and highly debated juristic issues including the permissibility of naturalizing in non Muslim states participating in their electoral systems and serving in their militaries and police forces the permissibility of taking mortgages and student loans the permissibility of congratulating Christians on Christmas or receiving Christmas bonuses and the permissibility of working in professions that involve breaching of religious legal prohibitions e.g serving pork Discussions highlight the diversity within contemporary Islamic jurisprudence and introduce new nuances to highly charged concepts such as proselytizing integration and multiculturalism
