and avant garde aesthetics using primary and archival sources never before translated into English They map Lonzi s deep connections to the influential Italian Arte Povera movement and explore her complicated relationship with female artists of the time such as Carla Accardi and Suzanne Santoro Carla Lonzi s written work and activism represents a crucial but previously overlooked feminist intervention in traditional art history from beyond the Anglo American canon This book is a timely and urgent addition to our understanding of radical politics separatist feminism and art criticism in the postwar period
